QUIET IN FAR EAST

Censors Curtail the Meagre News That Is Obtainable.

FLEET OF JAPANESE SIGHTED

Band of a Dozen Terrorists Arrested. It Is Believed That Headquarters of the Organizations Is Located in Switzerland.

London, April 19.—The latest news from the far east shows that certainly a portion of the Russian second Pacific squadron was still coaling at Kamranh bay Saturday morning, April 15. This news was brought to Singapore by the British steamer Sui Sang and to Hongkong by the French steamer Phu-Yen. The former merely reports passing the Russian ships at 11 o'clock in the morning. The Phu-Yen's officers saw 20 vessels coaling in the bay and it is suspected that the remainder of the fleet was inside the harbor. According to the Daily Mail's correspondent at Singapore the Sui Sang, which was not molested by the Russians, sighted a big French warship two hours later 14 miles to the southward, evidently proceeding to Kamranh bay.

The piecemeal character of the news excludes the possibility of any accurate estimate of the movements of Vice Admiral Rojestvensky's squadron, but it would seem to show that the vice admiral has divided his forces, a portion of which went northward before Saturday. What has happened since then it is impossible to say, and there is no clear evidence even that the Russians have been within the three-mile limit, which would bring them, according to international regulations, into infringement of French neutrality. The fact that they were visible to passing ships would appear to show that they were outside the limit.

Russians Cut Cable.

The Daily Mail's correspondent at Singapore learns that Russian agents have cut the cable between Foochow and Formosa.

A dispatch to the Daily Mail dated Manila, April 18, says: "This morning 16 Japanese cruisers and torpedo boat destroyers were scouting off Sampaloc point."

St. Petersburg, April 19.—Gradually many interesting details surrounding the recent arrest of a band of about a dozen terrorists are leaking out. The capture, which is regarded by the authorities as being of immense importance, was accomplished by Kaschovsky, the Russian Lecoq.

Among the number captured was Madam Ivanovska a, a sister in-law of Korolenko, the Russian author. She was involved in the Nihilist plot to assassinate Emperor Alexander II, for which she was sentenced to 15 years in Siberia, but at the end of seven years she escaped to America.

Perhaps the most romantic feature is the fact that Mlle. Leonrieff converted two nieces of Governor General Trepoff, Mlle. Trepoff and Princess Denisheff, to the doctrine of assassination and that after the arrest of her mentor, Mlle. Trepoff actually attempted the life of her uncle, firing two shots at him, both of which missed. Thereupon the two girls became panic-stricken and attempted suicide, Mlle. Trepoff throwing herself under a train and Princess Denisheff shooting herself. Neither of them succeeded in killing herself. The family has since tried to make it appear that the girls' acts were the result of a mutual pact for self-destruction, both being in love with the same man, an officer of the guards.

Army Being Recruited.

M. Taburno, an Associated Press Russian correspondent, who has returned from Manchuria for a short vacation during the lull in operations there, says he does not expect serious fighting for at least a month or six weeks. He says the Russian army which is occupying a line southward of Sipinghai is busy with reconnaissance as far south as Changtufu and has already been recruited to the strength it had before the battle of Mukden. Many of the wounded have returned to the ranks and the morale is excellent. The proposition of the army is naturally strong and has many strategic advantages.

The burial of Lieutenant Leontieff, an officer of the aristocratic Preobriensky regiment and brother of Mlle. Leontieff, who was arrested for connection with a terrorist plot, was held yesterday. Leontieff was asked by his brother officers to resign after the arrest of his sister, and thereupon committed suicide. Grand Duke Michael Alexandrovitch attended the funeral.

The police are making numerous arrests of workingmen and "intellectuals" and the prisons are now full to overflowing. In former years those arrested before May day were chiefly "intellectuals," but this year the workingmen are taking such a prominent part in agitation and disturbances that they form a majority of those arrested. Practically all the delegates to the Schidlovsky commission, which was created in February last to investigate the causes of discontent among the working classes, are in custody. Demonstrations and small riots are of almost daily occurrence.

Warsaw, April 19.—Representatives of the Russian zemstvos arrived here to invite the Poles to send delegates to the congress of zemstvos at Moscow. The Poles accepted the invitation and elected eight delegates. This action is regarded as significant as indicating co-operation by the Poles in the reform movement in Russia proper.

Bombay, India, April 19.—Eleven members of the crew of the British steamer Riverdale who refused to sail from here for Kobe, Japan, because the vessel had a cargo of raw cotton on board were held by a local court to have been justified in declining to take the risk of capture, as Russia had declared cotton to be contraband of war. Considerable anxiety has been caused here by the arrival of the Russian squadron in far eastern waters, as a number of cotton laden steamers on their way to Japan are covered only by low rates of insurance.

MAY INVOLVE AMERICA.

International Complication May Arise From Strike of China Workers.

Paris, April 19.—The strike riots at Limoges are developing international features as the Haviland factory employing 6,000 persons, of which Theodore and Charles Haviland, Americans, are the proprietors, is the center of the disorder. Ambassador Porter is taking active steps to insure the protection of American interests against violence and to secure an adjustment between the proprietors of the factory and the workmen. He conferred with foreign Minister Delcasse concerning the precautionary measures which the government is taking. The situation is complicated by strong Socialist opposition to the government sending troops to Limoges. At M. Delcasse's request General Porter used his good offices with the Messrs. Haviland. The latter, however, maintained that the workmen were not justified in demanding the discharge of the foreman of the factory and therefore his efforts to effect a reconciliation were unsuccessful.

In the meantime further riotous scenes led to the massing of large forces of cavalry and infantry at Limoges, where they now occupy the streets and public places.

Three strikers were killed when the troops fired on the mob and many were wounded. The American consul at Limoges, Mr. Griffin, has forwarded to the embassy here a detailed report upon the damage done during the various violent stages of the outbreak.

ADMIRAL PORTER HONORED.

Dewey Congratulates Him Upon the Results of His Search.

Paris, April 19.—The state department has advised Ambassador Porter that an American squadron will be sent to take the body of Paul Jones to the United States probably in June. It is expected that the French government will participate in an imposing funeral pageant when the body leaves Paris. Detailed plans have not yet been made, but it probably will occur shortly before the French national holiday, July 14. Large forces of French soldiers and sailors will form the escort.

The following cable messages have been exchanged:

Admiral Dewey to Ambassador Porter: "Cordial congratulations upon the wonderful results of your search.

"GEORGE DEWEY,
"Admiral U. S. Navy."

Ambassador Porter to Admiral Dewey: "Happy to receive congratulations concerning the father of the American navy from his most illustrious successor."

GAS BUOY EXPLODES.

Causes Loss of Life and Great Havoc to Property.

Kingston, Ont., April 19.—A gas buoy in process of filling on board the government steamer Scout exploded, killing one and injuring four of her crew. Two of the injured probably will die.

The force of the explosion smashed the windows in all the houses and factories in the vicinity of the dry dock where the boat was fitting out for the lighthouse service this summer. The explosion was followed by a fire, which destroyed the upper works and damaged the hull of the Scout. Captain Allison is so badly injured that it has been impossible to get a statement from him in regard to the cause of the accident. It is known that the men were engaged in filling a buoy with gas when the big tank exploded, sending a blinding sheet of flame over the boat and hurling splinters in all directions. The dry dock shed was wrecked.

Indicted for Criminal Libel.

Sandusky, O., April 19.—E. H. Zurhorst, formerly collector of customs at this port, was indicted by the Erie county grand jury for alleged criminal libel. The indictment is the result of a circular issued by Zurhorst in which he attacked former State Senator Charles A. Judson, who was appointed to succeed him as collector. Zurhorst was recently fined for contempt in violating an order of court enjoining him from distributing the circular.

To Establish Branch of Secret Service.

Washington, April 19.—Chief Wilkie of the secret service left here for Honolulu and the Philippine islands. A branch of the secret service will be established at the former place and possibly one at Manila.

MESSENGER ARRIVES

Chapman, the Long Looked for Courier, in Glenwood Springs.

BRINGS A FRESH BEAR SKIN

President Having "Bully" Sport But Considers the Fare at Camp Entirely Too Pretentious for People Who Are Roughing It.

Glenwood Springs, Col., April 19.—The first word from President Roosevelt's hunting camp on the Charles Penny ranch, 23 miles southwest of New Castle, has reached Secretary Loeb. He was notified over the telephone that Elmer Chapman, the courier selected to bear mesages between the president and his secretary, had arrived at New Castle and would take the 9:40 train over the Colorado Midland railroad for Glenwood Springs.

At New Castle, the courier was beset by corespondents but refused to give any information regarding happenings or conditions at the president's camp.

This did not prevent the corespondents from learning that the president's hunt had been successful, however, for strapped across Chapman's saddle was a fresh bear skin which was being taken to Glenwood Springs. Chapman admitted that this pelt was the only one that had been taken, but he would not say the animal had been brought down by the president's gun. It was taken for granted that this was the case, for otherwise it was not believed the skin would have been sent to Glenwood Springs.

Representatives of newspapers at New Castle at once prepared to accompany the courier to Mr. Loeb's headquarters.

Remain in Old Camp.

It was learned here that the president's party has not yet moved its camp from the place first located.

A fresh trail was found early today and the hunters took it up before Chapman's departure for New Castle. Because of the heavy snow about the camp it is not likely it will be changed for several days. The indications are that plenty of sport will be found in the present surroundings.

The courier is expected to remain here over night and Secretary Loeb will accompany him to New Castle tomorrow and together they will ride to the hunting camp. He has a number of matters to lay before the president and his signature is needed to important documents.

According to Courier Chapman the president is taking the true sportsman's delight in the rough life of the camp. He is one of the first to be stirring in the morning and always the first to sit down to breakfast. The fare seems to suit him, although he has said several times he would be as well pleased if it were less pretentious.

President Roosevelt has killed a bear and a bob cat. He is satisfied with his hunt for the biggest game the Rockies afford. To quote his own words, "That's what I was after. It was only sport, and I hope it keeps up."

This is the story brought to Secretary Loeb by Elmer Chapman, a courier who was chosen to bear messages between the president and the temporary seat of government at the Hotel Colorado.

Don't Bother With Reporters.

Before starting on his hunt the president said he didn't want any newspaper men to follow him. To three correspondents representing press associations who accompanied him from Washington the president said:

"You stick by Loeb and I will help you all I can. I cannot send out a messenger every day, but as soon as there is anything worth telling you shall have it."

The courier got through New Castle without talking and the president made good to those who complied with his wishes. But if the courier was reticent at New Castle, he was different when his journey was at an end. Secretary Loeb had removed the injunction of secrecy. His eyes kindled with a fire that told his admiration for the president's prowess as a hunter more than could the words at his command. One expression which the hardy mountaineer injected into his story was: "Say, fellows, he's a beaut, and no mistake. The way he scents game would make you think he was born in the mountains and had never left them. Say, now, being president don't make any difference with a man that's got the real stuff in him. Goff said he was the real thing and didn't need showing, but I didn't believe it."

The coldest inhabited country is Werchojansk, in eastern Siberia. The daily mean temperature of the entire year is 2.74 degrees below zero.

Will Make Important Improvement.

Columbus, O., April 19.—It was announced at the Pennsylvania offices in Columbus that $400,000 will be spent in improvements at Covington, Miami county, on the Indianapolis division. The grade crossings there are to be eliminated and a second track laid, which will permit the company to run its limited trains through the village without stopping.

ATTEMPTS DOUBLE TRAGEDY

Actor Tries to Kill Woman and End His Own Life.

Philadelphia, April 19.—Because she intended leaving the theatrical company of which both were members Edward Smedes shot Dessie Helen Davis at a theatrical hotel, where they were both staying, inflicting a probable fatal wound near the heart, and then attempted to kill himself. The bullet flattened against his skull and he was not badly hurt. The couple were members of the chorus in "The Schoolgirl" company, of which Edna May is the star. The woman is known on the stage as Bessie Dale. She is 23 years old and her home is in Hebron, Neb. Smede's home, it is believed, is in Vicksburg, Miss.

The shooting occurred shortly after noon. Other guests at the hotel heard a pistol shot and immediately after Miss Davis ran screaming down the stairs and fell unconscious into the arms of a servant. A policeman, who was passing the hote, ran into the place and when Smedes saw him he turned the weapon upon himself. The wounded couple were taken to a hospital, where it was found the young woman's injury is likely to prove fatal. Smedes is guarded in the hospital by two policemen.

The couple arrived at the hotel on Sunday and registered as Mr. and Mrs. Smedes. Miss Davis obtained a position with a company now rehearsing at one of the local theaters, she intending to leave "The Schoolgirl" company. She was at the theater in the forenoon rehearsing with the new company, when Smedes gained admittance to the play house and sought an engagement. He failed to obtain it. Seeing Miss Davis on the stage, he went to her and threatened to shoot her if she joined the new company. He was ordered from the place and Miss Davis went with him. They returned to the hotel and, it is believed, they renewed their quarrel, which resulted in the shooting.

On the bureau in the room was found a note written by Smedes which read: "To those who know and meet my mother, help to sustain and keep her." A letter addressed to Mrs. T. M. Smedes, Vicksburg, Miss., and one addressed to Miss Davis' mother at Hebron were also found in the room. The police have not opened them.

BOAT TIED UP.

Officers Arrest Entire Crew of Queen City and Cause Delay.

Wheeling, W. Va., April 19.—The officers and crew of the Queen City are under arrest at Bellaire, O., and the big boat is completely tied up, growing out of the death of a roustabout, Fred Horton, colored, who is is alleged, was kicked off the boat Sunday morning by Mate James Conlin.

When the steamer, with a full passenger list, reached Wheeling she was boarded by Bellaire officers. The steamer proceeded to the Ohio town and the moment she landed there the officers arrested the mate on a charge of manslaughter and placed the entire crew under temporary arrest as witnesses and marched them to a magistrate's office, where they are held to await the result of the inquest conducted by Coroner Phillips.

The river authorities are astounded at the action of the Bellaire police in tying up the entire boat and it is certain serious complications will ensue. The mate says he did not kick Horton, but that the deckhand had been drinking and fell from the steamer. The passengers on the boat are furiously indignant and say there will be a multiplicity of damage suits growing out of the affair.

DISTURBANCE AT WHEELING.

Attorneys Will Ask Court for Order to Make Wholesale Arrests.

Wheeling, W. Va., April 19.—As a result of the strike riot here in connection with the bringing in of strike-breakers by the Whitaker-Glessner Iron company, it is asserted that attorneys for the company will appear before Circuit Judge Melvin and ask for a rule of arrest to be issued against the 100 or more strikers who participated in the disorders. Judge Melvin a week ago issued a temporary injunction against the strikers interfering with the operation of the mills, and the company contend that the injunction has been violated.

It is also reported that the company may take the matter up to the United States court, with the Wheeling and Lake Erie Railway company joining in the petition, on the ground that the strikers interfered with mail trains. The attitude of the new judge of this court, former Congressman Dayton, in the matter of labor injunctions excites interest, and the Whitaker-Glessner application, when made, is expected to develop whether or not he will follow the policy that made his predecessor, Judge Jackson, famous.

To Found New Zion City.

Mexico City, April 19.—John Alexander Dowie of Chicago has closed negotiations and obtained options on a tract of two million acres of land in the state of Tamaulipas, where he proposes to found a new Zion City. Dr. Dowie and party are now en route to Chicago for Easter.

The Backbone.

When asked by her teacher to describe the backbone a Norborne schoolgirl said, "The backbone is something that holds up the head and ribs and keeps one from having legs clear up to the neck."—Norborne Leader.

BEGIN THIRD TRIAL

Where to Place Blame for Death of Bookmaker the Object.

CROWDS PACK THE CORRIDORS

Former Actress Personally Directs the Selection of Jurors by Defense. Aged Father Ever Faithful to Erring Daughter.

New York, April 19.—The third trial of Nan Patterson, charged with the murder of Caesar Young in a cab in this city last summer was begun in the court of general sessions before Recorder Goff. There were 200 talesmen in court for selection in the special panel and three of them had been accepted as jurors when the case was adjourned until today. The three men are Lovell M. Aldrich, an ice dealer, 48 years old; John S. Flint, a tea and coffee merchant, 63 years old, and Julius Goldstone, a silk manufacturer, 38 years old.

The former actress personally directed the selection of the jurors by the defense. There were five talesmen rejected before the first juror, Aldrich, was accepted. A large crowd witnessed the proceedings. Counsel for each side was allowed 30 challenges. The task of completing the jury will be resumed this morning. Under the order of Recorder Goff there will be no women spectators allowed at the trial.

In the same court earlier in the day before Judge Foster, District Attorney Jerome charged that J. Morgan Smith and his wife were, by advice of counsel, kept out of the jurisdiction of the New York courts. Mr. Jerome said he would produce the evidence in which he based this allegation if the court desired. The court allowed Mr. Limburger, counsel for the Smiths, until today to make his reply.

Mr. Limburger then conferred with Nan Patterson's attorneys. He gave District Attorney Jerome a copy of an affidavit he filed with Justice Gaynor asking the justice to order the district attorney and Mr. Rand, his assistant, to appear before him and under oath state just what papers and documents in the Smith case the district attorney's office has gained possession of; whether they still retain such property or whether they have caused it to be destroyed or sent out of their custody and control.

Mr. Limburger's affidavit recites a telephone conversation which he had with Mr. Rand regarding the package of documents Mr. Rand relinquished to him. Mr. Limburger said he found that there were no letters in that package and one letter particularly written in Cincinnati was missing. He asked Mr. Rand if he had that and other letters.

"I have obeyed the order of the court and turned over everything in my possession," he says Mr. Rand replied, and that he declined to tell him anything further.

The district attorney and Mr. Rand will appear before Justice Gaynor today to argue their motion for a modification of the court's general order directing them to turn over all the letters to Mr. Limburger.

NEGOTIATIONS AT AN END.

Union Will Make No Further Effort to End Strike.

Chicago, April 19.—A committee of 11, appointed by the Chicago Federation of Labor, called upon the mayor and informed him that the unions have not receded from their position regarding the strike of garment workers and teamsters against Montgomery Ward & Co., and that as far as the unions are concerned the negotiations to end the strike have terminated. Mayor Dunne asked the labor men to exert their influence to keep the strike as orderly as possible and to discourage a spread of unsettled labor conditions. The union officials promised to move discreetly in the struggle and to take only such steps as necessary to uphold the union contentions.

"We told the mayor that we would not unnecessarily spread the strike or prolong it," announced President Shea of the teamsters' organization, as he with the other strike leaders left the mayor's office.

DECLARED "TOO FRESH."

In a Class Fight One Student Pulls Gun and Wounds Another.

Lancaster, Pa., April 19.—Roy Ulsh of this city, a student at Franklin and Marshall college and a member of the sophmore class, was shot in the arm by Oscar Gingerich of Lebanon, a freshman, during a class fight. The freshmen had posted placards about the city derogatory of the sophmores. Ulsh and a party of his classmates were compelling a freshman named Knause to tear down the placards, when Gingerich interfered in behalf of Krause. Gingerich was captured by the sophmores, carried to the outskirts of the city and after a mock trial declared "too fresh." As the party was dispersing Gingerich claims some one hit him on the head with a club. He pulled a 32-calibre revolver and fired five shots, one striking Ulsh in the arm. The wound is not serious.

BAKERS MAY STRIKE.

85,000 Men Will Probably Be Involved in the Trouble.

New York, April 19.—The decision of the United States supreme court against the constitutionality of the bakers' 10-hour law will, it is feared, be followed by a strike of 85,000 bakers in the leading cities of the country. Frank H. Harzbecker, secretary of the Journeymen Bakers' and Confectioners' International union, has declared, on learning of the decision, that there will be a fight all along the line if the bakers' demand for a 10-hour day is refused on May 1.

All the union officials in this city declare there will be no let up in the fight for a 10 hour day despite the nullification of the state law. In Greater New York an agreement between 3,000 journeymen and their employers expires May 1. The bakers desire a renewal of the contract. The employers are willing to pay union wages, they say, but are opposed to any formal agreement so that a strike is considered likely.

MASONS IN CONVENTION.

Members from All Parts of the World in Attendance.

Chicago, April 19.—Members of the Masonic order assembled here to celebrate the golden jubilee of the Oriental consistory. Besides being one of the grandest of Masonic conventions, the event marks the dedication of the new home of the Oriental consistory at Dearborn avenue and Walton place, said to be one of the finest buildings of the kind in the world.

Assembled within the new temple were the Masons from all over the world. Members of the order are here from England, Turkey and France, from the Hawaiian Islands and from Cuba. The convention is the fiftieth anniversary and the one hundredth convocation of the Ancient Accepted Scottish Rite of the Valley of Chicago. The session will last five days, ending with a banquet, at which Governor Deneen and Lieutenant Governor Sherman, both members of the consistory, will be speakers.

Lunatic Goaded to Violence.

Muskegon, Mich., April 19.—Alexander McHale, a Civil war veteran, aged 65, was shot above the heart and perhaps fatally wounded by a weak-minded young man who had been goaded to violence by being told that Thomas Hume, a local capitalist, was going to have him sent to a hospital and cut into small pieces. The lad mistook McHale for Hume. Jasper Zillah, 18 years old, is under arrest. The shooting occurred just at 6 o'clock and was witnessed by crowds of workingmen returning home from their day's work.

NATIONAL AND AMERICAN GAMES

Standing and Scores of the Major League Teams.

National League Standing.

Club	W	L	Per	Club	W	L	Per
Phila	3	0	1.00	St. Louis	2	2	.500

GOES AFTER BATTLE

Rojestvensky's Russian Fleet Starts in Search of Admiral Togo.

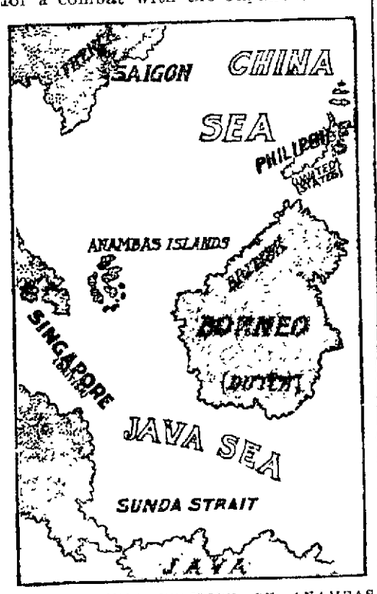
ALL COMMUNICATION CUT OFF

It Is Generally Believed in Official Circles That the Japanese Will Endeavor to Evade an Open Battle. Will Rely on Strategy.

St. Petersburg, April 17.—With the departure of the hospital ship Orel from Saigon the last cord connecting the Baltic squadron with St. Petersburg was severed and the admiralty expects no further direct news until a battle has been fought and determined. "Henceforth," said a prominent naval officer, "the press probably will be our only source of information. Rojestvensky's next message may not be written until he has met the enemy."

Under the circumstances many rumors take shape in St. Petersburg aside from those relating to encounters with the Japanese at various places and with varying results, but the most fanciful is that saying the Baltic squadron met and engaged two British cruisers under the impression that they were Japanese and sank them.

The week closed with the government's eyes and hopes centered on Vice Admiral Rojestvensky, and gradually something like genuine enthusiasm has been aroused by the Russian admiral's hardihood in sailing straight for a combat with the Japanese



MAP SHOWING POSITION OF ANAMBAS ISLANDS.

There are many naval officers who do not believe that Vice Admiral Togo will accept the challenge. In their opinion the Japanese will be too prudent in such a crisis to risk the destruction of their fleet. They believe that Togo's tactics will be to avoid an open sea fight and that he will launch a series of desperate night torpedo attacks in the hope of throwing the Russian fleet into confusion, scattering the line of ships and giving his faster battleships and cruisers an opportunity to surround and destroy them individually, and if some of Rojestvensky's ships escape to Vladivostok, to bottle them up there.

For the moment the conservative counsels of the peace party, which party realizes that the military will be utterly hopeless if Rojestvensky's fleet is completely destroyed, and considers it best to open negotiations before the issue is put to a test, are rudely thrust aside. The admiralty clamors for a chance to retrieve its reputation and the war party generally seems to be convinced that the emperor of Russia's position will not be worse if the battle is lost, while the destruction of Togo's fleet would spell ruin for Japan. The emperor himself, it is understood, expresses great confidence in victory, and should victory come he will undoubtedly fix the imperial seal to the big naval program prepared by the admiralty.

Outbreak at Iron Works.

The outbreak at the Putiloff iron works which culminated in the closing of the concern originated because of a scheme of the employes to make the burial of men who were killed in a recent accident in the works a grand political demonstration. The workmen proposed to have interment made in the Smolensk cemetery, which is in Vassili Ostrov, opposite the city, and which would involve a five-mile parade of the 12,000 workmen directly through the heart of the city. The police insisted that interment take place in a cemetery near the works, but the workmen refused and, it is reported, will endeavor to carry out their program, which will mean certain conflict with the police and Cossacks.

The possibility of a complete change in the fortunes of war has had an appreciable effect in strengthening the reactionary influences about his majesty and the week has witnessed another defeat of President of the Committee of Ministers Witte and the vote of the proposed ecclesiastical council by the emperor "until tranquility is re-established."

Meanwhile the endless beauracratic commissions charged with various reforms all are working briskly and making great noise, but little real headway, as all their decisions are provisional only and must go through the council of the empire and receive imperial approval before being translated into acts. But while the words of all breathe reform, acts tend to a contrary direction. For instance, the press commission decrees additional liberties, but the censorship regulations grow severer.

The deplorable lack of confidence in the government's sincerity in placing the reforms in the hands of the bureaucracy resulted in the formation by barristers of a nucleus for a national organization in favor of a constitution, and because of this they were given notice to leave the city within 24 hours. Even M. Souvorin, editor of Novoe Vremya, who is opposed to constitutionalism, cries out against the delay.

"The bureaucracy asks for patience," he says. "So did Kuropatkin, and he suffered defeat at the hands of the Japanese."

He openly denounces the stupidity of the government, which, he says, drives serious minded, intelligent men who meet to talk on the country's welfare out of town while daily and nightly revolutionaries who want to overthrow everything meet in spite of the police and make incendiary speeches.

London, April 17.—There is as yet no news of a naval battle in the far east or of the whereabouts of the rival fleets. The Hongkong correspondent of the Daily Mail sends a rumor of a small engagement, but there is no confirmation of this report. Details regarding the Russian ships in Kamranh bay, Cochin-China, are too meagre to be instructive. According to the Daily Mail's Singapore correspondent, the North German Lloyd steamer Prinz Heinrich saw five battleships and six cruisers in the bay, but the dispatches to other of the London morning newspapers are not so precise. The Daily Telegraph's Singapore correspondent, like the Associated Press, merely reports "eighteen vessels" and adds that the captain of the Prinz Heinrich states that possibly more warships were inside the harbor, but they were invisible from the offing.

The presence of the Russian squadron off the Annam coast is raising keen interest here, in view of the possibility of their infringing Chinese neutrality and of the likelihood of Rojestvensky having had to split his squadron. The Morning Post's correspondent at Shanghai telegraphs that China has instructed the governors of the southern provinces to maintain strict neutrality in view of the possibility of Russian ships sheltering there.

STRIKERS ARE RIOTING.

French Workers Direct Their Blows Mainly Against American Concern.

Limoges, France, April 17.—The excitement among the porcelain strikers is becoming more violent and manifesting itself principally against the American firm of Haviland, which has taken a leading part in the lockout. The Socialist mayor's attitude of inactivity and his appeal to the ministry not to send troops appears to encourage the workmen to continue their demonstrations. They now refuse to listen to his advice to remain calm, and consequently a representative of the Haviland concern went to Paris to interview the minister of the interior, who ordered reinforcements to be sent here. In the meantime the strikers exploded a package of cartridges before the house of the manager of the Haviland works, without, however, causing much damage.

A procession of several thousnd men, some of them armed, paraded the streets, proceeding to the prison, where they unsuccessfully attempted to force the doors. The mob then destroyed a religious statue. A picket of troops endeavored to break up the demonstration, but the strikers resisted, stoning the soldiers and hooting the officers. The crowd finally dispersed on the arrival of cavalry.

Will Present Morgan With Medal.

Rome, April 17.—Artist Centonze, who is charged by the government to design a gold medal for J. Pierpont Morgan commemorative of the return by Mr. Morgan to the Italian government of the cope stolen from the cathedral at Ascoli, has submitted to Mr. Morgan a cast of the souvenir. One side of the medal is allegorical with the cathedral of Ascoli and the Roman forum in the background. In front is a nude youth representing art, while below a woman representing history. Next to the woman, standing, is a figure representing Italy. On the other side is the head of Mr. Morgan and his coat of arms.

ACCUSE MATE OF KNOCKING DECKHAND INTO RIVER.

Wheeling, W. Va., April 17.—James Conlon, mate on the Queen City, of the Pittsburg and Cincinnati packet line, was arrested by the police at the Wheeling wharf, but released a few minutes later, on the charge of murder of a negro deckhand at Bellaire. Two negroes escaped from the boat here and told the police that Mate Conlon had struck the negro over the head, knocking him into the river. The boat officials claimed that the negro fell overboard while carrying a box of shoes. The body was not recovered. Two negroes, William West and John Williams, who claimed to be eye witnesses, were taken to Bellaire to make an affidavit of the murder before United States Commissioner Rees.

A Shovel Company Fails.

Warren, O., April 17.—The Penn Shovel company, incorporated with $100,000, has made an assignment. Its liabilities are estimated at $50,000, with assets $45,000. The plant was moved here from Corry, Pa., a year ago. Arthur Walton is president, G. L. Fordyce of Youngstown, vice president, and W. Hyde of Warren, secretary. A. G. Jugg is assignee. Lack of sufficient working capital is said to be the cause of the company's embarrassment.

BAGS SOME BIG GAME

President Roosevelt Succeeds in Bringing Down a 500 Pound Bruin.

HAD A VERY EXCITING CHASE

Members of the President's Party at the Hotel Colorado Enjoy a Long Horseback Ride and a Swim in the Hot Springs Pool.

Denver, Col., April 17.—A report comes from Camp Roosevelt that President Roosevelt killed a bear, his first, while on his way to camp. Further, it is averred, the bear is a 500-pounder.

According to the report, the party left the road and started over the hills 12 miles from camp. Spot, the leading dog, sounded the trail. Goff unleached the hounds and they started off in mad pursuit, with hunters and guides galloping after them.

The chase continued nearly an hour, over rocks, across gullies, around trees, down canons and up mountain sides. President Roosevelt was always in the lead.

He swept under overhanging branches and across gullies, and came upon the bear perched on the highest limb of a cedar, looking angrily down at the baying hounds. Goff and Borah were right behind.

"Your shot, Colonel," Goff called out.

The president used his own rifle, taking a rest across the horn of the saddle. The rifle cracked and the bear came crashing to the earth. The president hurried forward to view the 500-pound bear, from which Cook Jack Fry served bear steaks for breakfast.

Before starting the president announced he was not going to struggle hand to hand with a grizzly bear or strangle mountain lions with his bare hands. His rapid firing rifle was exhibited with great pride as a protection he will constantly keep between himself and danger.

Glenwood Springs, Col., April 17.—No word reached Secretary Loeb from President Roosevelt's camp and it is not known here whether the sport goes well or ill with the party. The communication will be opened today and it is expected that a courier will arrive early in the morning. On his return trip he will carry to the president a large batch of personal mail as well as many letters for Dr. Alexander Lambert and others who are with the president. There is a telephone about four miles from the camp, but that subscriber has discouraged its use as a means of sending out news of the hunt. Secretary Loeb and other members of the president's party who have headquarters at the Hotel Colorado took a long horseback ride, visiting the Devereaux ranch, west of Glenwood, and the elk pens nearby. They also swam in the hot springs pool with icy rain falling on their heads and snow falling heavily on the surrounding mountain tops.

TROUBLE IN CHURCH.

In a General Mix-Up the Pastor Stabs One of His Flock.

Lebanon, Ind., April 17.—Excitement was created when the Rev. John Dodge, pastor of the Molitess church, was arrested charged with having stabbed Oscar Johnson, a member of his congregation, during a quarrel which arose during a meeting held to consider the advisability of allowing a negro to preach to the congregation.

During a heated argument between Miss Mamie Chambers and the pastor the former slapped the preacher's face. This act angered the pastor's wife, who engaged Miss Chambers in a physical encounter. At this juncture, it is alleged, Oscar Johnson took part in the encounter and almost instantly he was attacked by the Rev. Dodge, it is said. Johnson suffered a knife wound in the back. The Rev. Dodge was released under bond. Johnson will recover.

Gets Revenge for Ejection.

Wilkesbarre, April 17.—Because he had been ejected from a boarding house at Luzerne, a suburb of this city, Andrew Bygash, a Hungarian, blew up the building with dynamite. He placed the stick of the explosive under one corner of the house and the entire rear portion of the structure, the kitchen and two bed rooms over it, were completely wrecked by the explosion. All the windows and doors were blown out, but fortunately the 15 inmates escaped injury. Bygash is now in jail.

Burned by Hot Tar.

Grafton, W. Va., April 17.—D. D. Crane of Hooksville, Beaver county, Pa., was probably fatally burned at the new Baltimore and Ohio roundhouse. He was burning tar to be used on the roof of the new structure when it ignited. His clothing caught fire and nearly all the hair was burned from his head.

Have Trouble With Ice.

Detroit, Mich., April 17.—Reports received show that the ice blockades at the Straits of Mackinac and at Whitefish Point, Lake Superior, have not been broken. Fully 50 steamers are working to push their way through the ice floes.

Pastor Accepts Editorship.

Steubenville, O., April 17.—The Rev. H. H. Moniger, pastor of the First Christian church of this city, tendered his resignation to become Sunday school editor of the Standard Publishing company of Cincinnati.

APRIL WEDDINGS.

Stationery and Formulas For Correct Invitations.

Wedding invitations are issued invariably in the names of a bride's parents or near relatives and are sent out not later than two weeks in advance of the date for the marriage. The invitations are engraved on heavy white paper of fine quality, unglazed, in kid or parchment finish. The average size is seven inches long by six wide. The preferred style of lettering is plain script, although Roman letters are used or Old English occasionally. The invitation is folded once to fit the inner envelope, which is without mucilage and left unsealed and is addressed with the name only. The outer envelope has mucilage and is sealed, stamped and addressed in full.

Church Cards.

The customary form for a church wedding is:

Mr. and Mrs. Bartlett Morton
request the honour of your presence
at the marriage of their daughter
Madeline
to
Mr. Winthrop Huntington
on Wednesday, the fifth of April,
at half after three o'clock,
at Grace church.

Fashion decrees that the word "honor" should be spelled "honour," according to English usage, that there should be little or no punctuation and that the word New York should be omitted on invitations to weddings occurring there.

With the invitation is inclosed a card:

Please present this card
at Grace church,
Broadway and Tenth street,
on Wednesday, the fifth of April.

The reception card has a blank space, where the name of the guest is written:

Mr. and Mrs. Bartlett Morton
request the pleasure of

company on Wednesday, the fifth of April,
at four o'clock,
at Twenty-six West Twentieth street.

Special Compliment to Guest.

A formula which involves more trouble, but is considered a special compliment to a guest, is to have a blank space on the church invitation and on the card of admission to the church and the name of the guest written in by hand, thus:

Mr. and Mrs. Harrison Alexander
request the honor of

presence at the marriage of their daughter.

And on the card:

Will please present this card
at Grace church.

Home Wedding.

If a wedding is to take place at home, with only near relatives present and a general reception following, invitations to the ceremony may be written notes and an engraved invitation sent for the reception, thus:

Mr. and Mrs. Henry Atherton
request the pleasure of your company
at the wedding reception of their sister,
Isabel Barney,
and
Mr. Arthur Ernest Maitland
on Wednesday, the fifth of April,
at Braeside,
Short Hills, New Jersey.

With out of town wedding invitations a card is inclosed indicating the trains to and from the place.—Delineator.

Easter Pudding.

Put a pint of rich milk in a saucepan and set over the fire to boil; thicken it with two tablespoonfuls of moss farina, add three tablespoofuls of sugar and flavor with vanilla. Have ready a dozen empty eggshells and fill them with the mixture; stand in a pan of meal to keep them in place and set aside to harden. Make a pint of lemon jelly. Turn a soup plate upside down in the bottom of a half gallon tin pan. Pour the jelly in over the soup plate and set away to harden. Whip a pint of thick cream and set on ice. When the jelly is hard turn it out carefully on a round glass dish, remove the soup plate and fill the space with strips of orange and lemon peel that have been dipped in sirup to represent straw. Drop spoonfuls of whipped cream over them. Peel the shells off the blancmange eggs, arrange them in the center of the nest, pile the whipped cream over, set on ice until very cold and serve.—What to Eat.

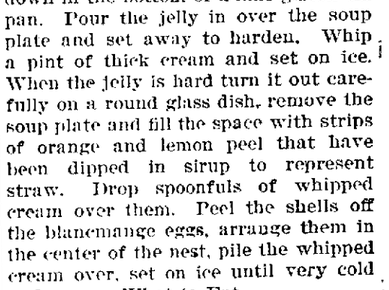
The Latest Sleeves.

Sleeves have reversed the order of their going. The pouf has mounted from wrist to shoulder, all fullness coming once more from the armhole, while so necessary is width here that whalebone epaulets are used to support the fullness. Elbow sleeves are used for all except tailor made and the "robe simple."

Novelty For Easter Breakfast.

Eggs a la Columbus not only harmonize with one of the traditional notions at Easter time, but they also illustrate the new and growing "pepper fad" in cooking. As illustrated and described in the Boston Cooking School Magazine, they are as follows:

Select green peppers of uniform size. Plunge into boiling water and remove



EGGS A LA COLUMBUS.

the outer skin. Cut around the stem and remove the seeds and veins. Set the peppers in small cake pans, break a fresh egg into each and poach in a moderate oven about twelve minutes, or until the egg is set. Have ready a square of hot buttered toast for each egg. Serve with tomato sauce poured around or in a dish apart.

MASONIC

What is considered one of the most interesting possessions of Masonry in the world is the property of the Masonic lodge of Leroy, Ill. It is the apron worn by General George Washington, first president of the United States, when engaged in the ceremonies of the order.

A Masonic temple to cost $100,000 will be erected in Santa Rosa, Cal.

Hamilton chapter of Rochester, N. Y., has now more than 1,000 members.

The Scottish Rite Masons of South McAlester, I. T., purchased a site recently and completed arrangements for the erection of a $100,000 cathedral.

During the year 1904 dispensations were granted for seventeen new lodges in Alabama.

Recently Tippecanoe lodge of Logansport, Ind., presented thirteen past masters with appropriate jewels.

Another reason against smoking in lodge rooms is the poor quality of cigars generally furnished by the lodges.—Masonic Disciple.

At the annual communication of the grand lodge of Texas Judge A. W. Campbell of Dallas was elected grand master and the resolution of nonintercourse with the grand lodge of Washington was repealed.

The Masonic Standard says there are five clandestine lodges in Chicago, as follows: Justin, York, Lafayette, Immanuel and Amalia.

The grand master of Maine decided that lodge funds could not be used for "pleasure excursions and expense of annual receptions," but that "a reasonable expense only for refreshments at lodge meetings would be proper."

ODD FELLOWS.

The Grand Master of New Hampshire Triple Link Notes.

Grand Master Charles S. Emerson of New Hampshire is a resident of Milford and has been a member of the order since 1888, when he was initiated in Custos Marum lodge. After serving as noble grand of this body he be-

CHARLES S. EMERSON.

came a member of the grand lodge in 1891, and since then has held the offices of district deputy grand master, grand warden and district grand master. Mr. Emerson is a member and past chief patriarch of Prospect Hill encampment, a member of the Rebekah lodge at Milford and of Canton A, Nashua. He was born in Milford in 1866 and is vice president of the Granite Savings bank of that city.

The fraternity is in a most flourishing condition in Georgia. During the past eight months fifteen new lodges have been instituted.

The meeting of the sovereign grand lodge this year will be held in September in Philadelphia.

California Rebekahs increased in membership last year 1,770, exactly the same gain made the year previous.

During the past thirty-six years the lodges of Pennsylvania have distributed for the relief of distress and for the prevention of distress and actual want the sum of $16,398,948.79.

Delaware has twenty-four lodges, with a membership of 2,669, a gain of 111 for the year.

Odd Fellowship has always grown rapidly, but the past year has been a record breaker, and the reports will be most gratifying to every member of the order.

There are now twelve lodges in Kansas having over 200 members. Shawnee No. 1, Topeka, still ranks first, with 333 members.

The building and real estate comprising the Widows and Orphans' home of Texas are valued at nearly $75,000. There are now ninety-four people in the home.

Royal Neighbors of America.

The supreme camp will be convened at Topeka, Kan., on the first Tuesday in June of this year.

Thirty-six camps of the Royal Neighbors each have a beneficial membership of over 100.

The Illinois jurisdiction had close to 21,000 beneficial members at the beginning of the year 1905.

Knights of Honor.

During the year 1904 there were 3,475 initiations and 1,572 deaths in the various jurisdictions of the order.

In the Knights of Honor twelve assessments are levied each year on certificates ranging from $500 to $2,000.

There was paid to beneficiaries of deceased members last year $2,892,635.90.

KNIGHTS OF PYTHIAS.

The Next Biennial Encampment. Pythian Notes.

The Pythians of the United States are working to make the biennial encampment which is to be held in New Orleans in September, 1906, the most memorable in the history of the Pythian order. Already over $40,000 has been raised by the citizens of the city and the members of the order to be used in the entertainment of the visitors to the city on that occasion.

John Goff of Lawton, Okla., who recently inherited three-fourths of a $50,000 estate, has stated that he will expend the greater part of his money in the erection of a Pythian temple in that city.

In nearly all the states substantial increase in membership was made in the endowment rank during 1904, Indiana being in the lead with a net increase of 688, Pennsylvania second with 535.

The uniform rank was made a part of the order by proclamation of Supreme Chancellor Woodruff on Nov. 1, 1878. The rank is now established in every state and territory of the United States, in all the British provinces on the North American continent and in the Hawaiian Islands.

Texas continues to lead all other states in point of membership in the endowment rank, with 296 sections in operation, $11,207,500 insurance in force and having 5,875 members.

UNITED WORKMEN.

A Sons' Initiation Night—From Various Jurisdictions.

We have a very large number of members who have sons who are eligible to membership in our order and who are not members. We see no reason why the fathers of these sons cannot induce them to become members. We would like to see the officers of the various subordinate lodges take up the question of having a "sons' initiation night," a night upon which no one but a son or son-in-law of a member shall be initiated.—Pennsylvania Workman.

The Ancient Order of United Workmen of the state of Minnesota has under consideration the erection of a home for aged and needy members of the order.

At last report the total membership of the order in Missouri was 15,067.

The Guide says that the D. of H. paid death losses to the amount of $66,500 in Nebraska during 1904 at less than one-half the cost per member of any of the thirteen largest fraternal societies doing business in the state.

MODERN WOODMEN.

Camp Notes and Gossip From Various Jurisdictions.

A class of 150 candidates was initiated in Kansas City, Mo., recently.

Milwaukee camp of Milwaukee, Wis., recently initiated a class of nineteen candidates and received twenty-two applications the same night.

The recent joint installation of the eight Woodmen camps of Peoria, Ill., was witnessed by 7,000 people.

A liberal cash prize will be offered for the best drilled team of juniors present at the Milwaukee head camp.

J. A. Hamlin has been elected clerk of camp 798 of Lawrence, Kan., for the sixteenth time.

RED MEN

The great incohonee recently reported that a steady and substantial increase in membership continues in all the reservations.

Leni Lenape tribe of Philadelphia had 1,006 members at last report. Another strong tribe in Philadelphia is Waseca, with over 700 members.

During the past twenty great suns in New Jersey there has been an average net gain in membership of 1,000 for each great sun.

The largest tribe in the Ohio reservation is Fleetwood of Canton. By adopting a class of thirty-seven palefaces recently its membership was increased to 570.

Six new tribes are in process of organization in the New York reservation.

The Red Men's Aged Members' home in Pennsylvania is now caring for twelve persons.

Knights of Columbus.

In 1903 the total number of state councils was twenty-three; today it is thirty-two.

The order in 1903 operated in all the states except Nevada, Arizona and Idaho. Since then flourishing councils have come into existence in Arizona and Idaho, and a council will be instituted in Nevada within a few weeks.

The total net assets of the order in 1903 were $975,147.50; today they are $1,137,894.64. The per capita surplus was $26.29; today it is $26.35.

FRATERNAL GOSSIP

Fraternalism plucks the thorns of poverty from the doors of many homes.

The combination of low cost and safety is made possible under the banners of fraternalism for the reason that expenses are reduced to a minimum.

The Catholic Knights of America recently made a complete readjustment of its assessment rates on present members.

There were sixty-six fraternal and mutual insurance associations and nine stock companies organized during 1904.

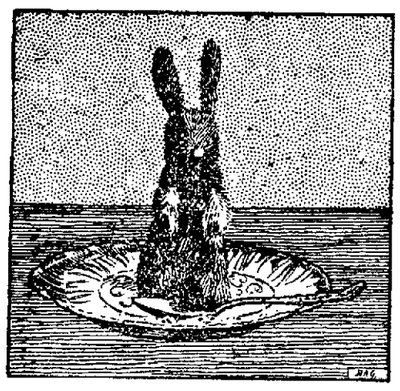
AN EASTER PARTY.

A BUNNY FROLIC WITH FUN AND FEASTING FOR LITTLE FOLK.

Pretty Decorated and Amusing Cards of Invitation—Finding Partners For Gay Little Dances—Variations on Old Time Games.

For the perplexed mother who is desirous of providing at Easter a novel and charming form of entertainment for a children's party "an Easter bunny party" is suggested, as not only does it furnish delightful possibilities in games and amusements, but it also possesses new ideas in regard to the table decoration and menu provided. The connection of the bunny or rabbit



A BONBON BOX OR ICE CREAM HOLDER.

with Easter derives its origin from an old German legend that tells us the hare lays the colored eggs which gladden the children's hearts at Eastertide. That the bunny is closely associated with Easter here in America is evident from the quantities of the frolicsome little animals found in our toy shops and confectioners' shops just prior to the Easter holidays; therefore an invitation to a real "bunny party" is sure to be appreciated by the fortunate little boy or girl who receives one.

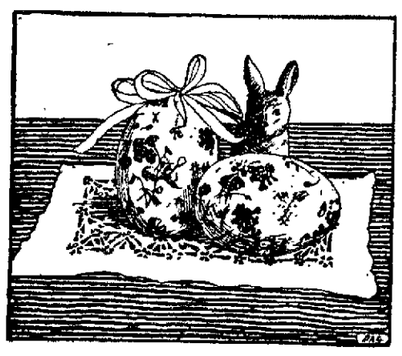
In sending out the invitations gayly decorated note paper or dainty cards may be used, embellished either with a pair of rabbits harnessed to a cart, piled high with party notes; a rabbit letter courier riding at full speed upon a saddled chicken or other similar device.

If the little hostess has invited a large number of guests the party naturally takes on certain gala day phases, and when all are assembled a grand march will be found an excellent plan for getting the children acquainted, thereby bringing in the shy little ones who are apt to be frightened at so many strangers. Let them choose partners by matching the bunny favors that the hostess has provided. These should consist of scrap picture bunnies that can be readily purchased at any stationer's by the sheet. In selecting the pictures be sure that there are two of each design that correspond. When the favors have been all distributed the children must find their partners by matching their favor with a bunny exactly like it. The pianist should play popular music with which the little guests are familiar, and an extremely pretty idea is to have the grand march terminate in a May pole dance.

For the novel game of "hunt the bunny" the hostess must provide at least twenty bunnies of all sorts and conditions, comprising colored ones from old Easter cards or picture books, chocolate or sugar rabbits and tiny china or silver images of the little creature.

The child who is successful in finding the highest number should receive a souvenir in the shape of a tiny silver rabbit inclosed in an Easter egg tied with dainty green and white ribbon. Shadow pictures of bunnies are sure to create a great deal of fun and laughter.

The ice cream can be served by purchasing a number of ice cream boxes made in imitation of a bunny. These



EGG AND RABBIT FAVORS.

are very inexpensive and can be readily filled with the homemade product, each child being served with a realistic bunny sitting upon a small dessert plate.

As it is always a great pleasure for children to have something to take home with them from a party, little inexpensive yet appropriate souvenirs may be provided.—Designer.

The Keynote.

To many Easter means but a new hat or gown or perhaps a shad dinner. Yet they, too, are in the tide of festival sympathy, for even fashion gropes, though with frank sordidness, to express the new. Of course the keynote of the home Easter festival should be brightness, spring gladness and freshness, with every root of flowers or green that one can command in evidence.

Parsnip Fricassee.

Scrape the parsnips and boil them in milk until tender. Take out and cut them in four pieces if they are large; add a piece of butter the size of a walnut, also salt and pepper, to the milk they were boiled in; thicken with a very little cornstarch or flour; put the parsnips back in the dressing and let them simmer about forty minutes.

EASTER FUNCTIONS.

Breakfast the Simplest Entertainment For a Few Guests.

A pleasing feature of all Eastertide entertainments is the profuse use of flowers and decorations of green, which suggest the spring. Of the almost innumerable functions which can be given the following is suggested by Good Housekeeping:

The breakfast is the simplest form and differs from the luncheon only in that the hour is earlier, usually 12 o'clock, and the menu is less elaborate. Both the breakfast and luncheon are well adapted to a dozen or fewer guests. A basket filled with primroses of the various delicate colors tied with a ribbon of pale green makes a beautiful and springlike centerpiece.

Breakfast Menu.

Grape Fruit and Malaga Grapes.
Puree of Spinach.
Bread Sticks.
Lobster Cutlets,
Cucumber Jelly. Rolls.
Sweetbread Fillets, Maitre d'Hotel Sauce.
Potato Roses. Asparagus Tips.
Tomato Aspic and Celery Salad.
Sandwiches. Olives.
Camembert Cheese.
Toasted Water Biscuit.
Coffee.
Salted Nuts. Candies.

The combination of grape fruit and Malaga grapes is delicious. The grape fruit is cut in halves and prepared as usual, only that the grapes, skinned and seeded, are mixed in with it. A candied cherry is placed on top. These are prettier served on maidenhair ferns than on doilies.

Garnishing and Serving.

The puree of spinach is a delicate green, served with a little whipped cream on top, but not enough entirely to cover it. The lobster cutlets may be garnished with parsley and the cucumber jelly made a little greener with leaf green. The cucumber jelly is served in individual forms, with a few pieces of the cucumber in the top. The asparagus tips are served with drawn butter sauce, and the potato roses are made with a pastry bag. The tomato aspic is made in a ring mold, and the center is filled with celery salad mayonnaise. Lettuce sandwiches are a good combination with this salad. The omission of a sweet simplifies the breakfast. The Camembert cheese served with hot toasted water biscuit is followed by the demitasse of coffee.

FINE CONFECTIONS.

Florentine Violets and Other Foreign Sweets For Easter.

About three dozen large sugared violets are stemmed with fine wire, slightly bent after inserting, and then arranged in bouquet form, having a frill of white or silver lace edged paper

BOUQUET OF CANDIED VIOLETS.

surrounding the flowers. The stems beyond the paper are cut in convenient length and wound with tin foil tied with violet ribbon. The paper frills are made from lace paper mats, found at all large confectioners'.

Any simple cakes made in molds which suggest basket forms can be decorated in this fashion, which appeals especially to children. The cakes are first frosted with sugar and the white of egg, and while that is moist a border of thin leaves made of angelique is put on, and the center is heaped with candied cherries, rose leaves, violets or, in fact, any colored scraps which suggest the contents of a garnished basket. At Easter small egg shaped candies are appropriate. A handle of angelique completes the basket form.—Good Housekeeping.

Violet Popcorn.

Take a cup of granulated sugar, one tablespoonful of butter, three tablespoonfuls of water and a few drops of violet coloring; boil until ready to candy. Have handy in a large earthen or wooden dish three quarts of freshly popped corn. Pour the candy over the corn, stirring briskly, until it is evenly distributed, and you will find each grain crystallized with violet sugar.

Bits of New Jewelry.

Spring flowers, as the crocus, violet, snowdrop and lily of the valley, serve as motifs in new jewelry designs.

Belt buckles in odd matrix effects are of silver set with semiprecious stones.

A platinum chain set with diamonds is shown in a fine necklace, with pendant of pearls and diamonds.

Engraved bangle bracelets and half hoop bracelets of diamonds with rubies or with sapphires are popular.

The useful hook and eye of unusual size is shown as a novel collar ornament of gold set with brilliants.

Dainty handy pins in delightful harmony or contrast with the new soft light fabrics, now shown for spring toilets, are in pale pink, green and white enamel with gold beaded edge.

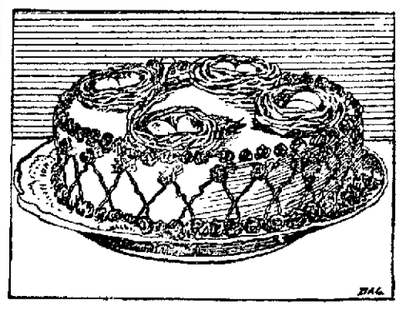
An exquisite corsage ornament simulates a graceful bunch of lilies of the valley, in which the flowers are composed of drop pearls and the long, narrow leaves are of diamonds closely set.—Jewelers' Circular.

EASTER DAINTIES.

Attractive Items of a Dinner, Including Fine Cakes.

For small Easter cakes any recipe for nice cake may be used. A white cake is preferable perhaps. Either white pound, lemon or an inexpensive white cake would be satisfactory. For the icing boil half a cup of granulated sugar and half a cup of water two or three minutes. Add a scant tablespoonful of lemon juice or half a teaspoonful of vanilla extract and stir in enough sifted confectioner's (not powdered) sugar to make a paste that will spread evenly. Use at once, as it will not spread well when cold. Tint some of the frosting with pink, lavender or red color paste and stir in sugar until a piece pressed with the fingers will hold its shape. Break off little bits and shape them into buds and blossoms. Put a tiny bit, tinted yellow, into the center of each blossom and press upon the frosting with bits cut from candied angelica root. Let the whole represent flowers, etc., on a stem. A larger cake, covered with the same frosting, may be decorated with a bunch of violets. Angelica will furnish the stems and leaves and candied violets the blossoms. If candy eggs be not available, this same frosting may be shaped into balls and the balls elongated at one end to give egg shapes. A sprinkling of cocoa will give the flecked appearance of many birds' eggs. Nests may be formed of ornamental icing tinted with melted cocoa or chocolate. A fine tube or a paper cornet is needed to shape the nests. Again angelica does duty for leaves. Large cakes should be cut at the table.

For a chicken custard to garnish consomme pound one-fourth of a cup of cooked breast of chicken in a mortar and press through a sieve; add a little salt and paprika, three tablespoonfuls of tomato puree and two beaten eggs.



AN EASTER CAKE.

Mix evenly and poach in a buttered cup until firm in the center. When cold unmold and cut as desired.

Boned Quails.—Bone the quails for the game course and stuff them with chicken forcemeat. Truss neatly and cook in a casserole until tender. When cold cut them into halves and dip in beaten egg, roll in crumbs and fry in deep fat. Use the liquid in which they were cooked in making a bechamel sauce to serve around them.

Sardine Croquettes, Egg Shaped.—Wipe the oil from a dozen or more sardines. Remove the skin and bones and press the pulp through a puree sieve. There should be one cup of puree. Cook half a cup of grated bread (stale, but not dried) in half a cup of milk (a little more milk may be needed) until smooth. Add two tablespoonfuls of butter, the beaten yolk of an egg, a dash of paprika, the cooked yolks of three eggs, sifted, a teaspoonful of lemon juice and the sardine puree. Mix thoroughly and shape into small balls; then elongate one end to form egg shapes. Dip in beaten egg and roll in fine crumbs; then fry in deep fat. Serve as a relish at the beginning of luncheon or dinner. Send to table on individual dishes, resting on a paper doily or in a nest of parsley. Pass at the same time bread and cucumber or sauce tartare sandwiches. — Boston Cooking School Magazine.

A Riot of Ribbons.

Fashion allows ribbons full play; they riot over frocks and hats alike. Whether as artful bows, as stiff cocardes, as meandering ruche or flying streamer, it is long since they have had such a time of it. But it is the same with them as with all other forms of trimming — they must show fanciful skill and dexterity in the way they are maneuvered, no hard lines or meaningless introduction. Ribbon and trimming alike both must justify their presence by art in their manipulation.

Fairylike Favors.

Fairylike are little gray green Easter favors of birch bark covered with mosses and lichens from trees and rocks. A pretty egg shaped one is lined with pink Chinese silk and has a hinged lid; this may be used for bonbons. Another egg is likewise for bonbons, the top being a bag of white Chinese silk gathered with strings of baby ribbon.—Exchange.

Household Items.

Deep bowls in all sorts of silver spoons are the coming fashion. Shallow bowls are rapidly going out.

Little glass medicine cups, with teaspoonful, tablespoonful and wineglassful indicated in raised letters, are valuable to have in the kitchen.

Small pieces of silver as a gift to children are more and more in favor.

The dishcloth should be of strong linen. Stair crash is excellent for this purpose, as it will soon become soft enough to be flexible and is very durable.

The correct utensil for eating ice cream is a cross between fork and spoon, showing a short, rounded bowl with three short tines.

Crullers kept in a closely covered stone jar will remain tender and soft for several days after making.

Some of the newest and finest tablecloths have but a simple "satin" band as the ornamentation shown in their design.

What Shall We Have for Dessert?

This is an important daily question. Let us answer it to-day. Try

Jell-O,

America's most popular dessert. Received Highest Award, Gold Medal, World's Fair, St. Louis, 1904. Everything in the package; add boiling water and set to cool. Flavors: Lemon, Orange, Raspberry, Strawberry, Chocolate and Cherry. Order a package of each flavor from your grocer to-day. 10c.

When you make Ice Cream use Jell-O ICE CREAM Powder. All ingredients in the package. At all grocers. 2 pkgs. for 25c

THE SOUTHWEST.

A GRAND COUNTRY FOR HOME-SEEKERS AND INVESTORS.

EXCURSION RATES TWICE A MONTH

Southeast Missouri, Arkansas, Louisiana and Texas offer the greatest inducements for persons desiring to own their homes.

Cheap land, producing almost anything that can be grown anywhere, mild climate, good schools, good water, healthful surroundings, and a growing country are some of the advantages.

First and third Tuesdays of each month we sell Homeseekers, tickets at one fare, plus $2, for the round trip.

April 4th and 8th special low round trip rates—less than one way fare. Write for particulars.

About the middle of June we will run a special train excursion of fruit and truck growers and others interested to the famous East Texas fruit country. This will afford an opportunity of seeing the gathering and marketing of the big fruit crop. Special low rate. Write for intinerary and cost of trip.

Literature descriptive of above country and information about rates will be mailed upon request.

DR. KUTCHIN

EX. U. S. EXAMINING SURGEON,

Late of Chicago, Greatest Living Specialist for the Treatment and Cure of all Long-Standing and Difficult Chronic Diseases and Diseases of the Blood and Nervous System. Consulting Surgeon at Maplewood Sanitarium.

Will, by special request, meet his many patients in this county every month for the next year, and examine all afflicted free. Ohio office, Columbus, O.

The noted Author and Medical Lecturer, and greatest living Specialist for the Treatment and Cure of difficult Chronic Diseases, has consented to visit this County and meet his many patients and friends, and give ALL AFFLICTED an opportunity to consult him **Free of Charge** and secure the latest and best treatment for such diseases as the regular family physician is not prepared to treat.

Dr. Kutchin will revisit this County every month, thus saving his patients the trouble and expense of visiting the city. And he is the only physician in this County who carries his own Diagrams to illustrate and make plain to all afflicted the cause and nature of their diseases. He promptly visits this town every four weeks and will so continue as long as God spares him to the afflicted.

CHRONIC DISEASES.

The Doctor **treats no acute diseases,** but makes a specialty of chronic and long-standing diseases. Cases given up by other doctors and pronounced incurable, he most desires to see. **Dr. Kutchin** has treated over **12,000** cases in Ohio in the last two years, many of which had been given up as **incurable,** some to be Blind, others Deaf, and a Large Number to be Invalids for Life. Now they See and Hear, and many are on the high road to Health.

The Doctor is surrounded with a fine collection of instruments for examining and treating all chronic diseases of the Head, Face, Eye, Ear, Throat, Heart, Lungs, Stomach, Liver, Kidneys, Bladder, Skin, Brain and Nervous System, Cancers, Tumors, Piles, Swellings, Old Sores, Fits, Paralysis, Neuralgia, Rheumatism, Dropsy, Gout, Sick Headache, Debility, Depression of Spirits, Diseases of Children, Hereditary Diseases, etc., and, in fact, **all long-standing and chronic diseases.** All surgical operations performed.

EXAMINATIONS FREE TO ALL.

Whenever it is known that **Dr. Kutchin** is stopping at a place, **crowds gather to consult him,** and it is not to be wondered at when it is remembered that in diagnosing a disease he never asks a question, but describes the different diseases better than the sick can themselves. It is a **wonderful gift** for anyone to possess, and **Dr. Kutchin's** diagnostic powers have created wonder throughout the country.

He adopted the following plan, which is peculiar to the large hospitals, and is not and never has been the practice of country doctors, viz: he carefully notes the symptoms of the patient, and ascertains the condition of the internal organs, all of which he carefully records in his register for future reference. In this way he ascertains the true nature of the disease and its cause. When sick people consult him he readily tells them whether he can cure or help them, or whether they are beyond hope.

HIS IMPROVED METHODS OF TREATMENT.

Are mild and pleasant; agree perfectly with the most delicate lady or Child; do not reduce strength; can be used while at work, and give the greatest possible benefit in the shortest possible time. Patients can consult him or communicate with him as often as they choose, during the whole time required for the cure, without regard to where they may be, and without extra charge, thus rendering the treatment as successful and satisfactory as though they were living next door to each other.

MANHOOD PERFECTLY RESTORED.

Quick, painless and certain cure for Impotency, Lost Manhood, Spermatorrhœa, Losses, Weakness and Nervous Debility, also for Prostatis, Varicocele, and all private diseases, whether from imprudent habits of youth or sexual excesses in mature years, or any cause that debilitates the sexual functions, speedily and permanently cured. **Consultation free and strictly confidential.** Absolute cures guaranteed in cases curable. No risk incurred.

DISEASES OF WOMEN.

Such as have baffled the skill of other physicians and remedies. **Dr. Kutchin** quickly cures Cancers, Tumors, Fibroid and Polybroid. Growths cured without the use of the knife. No cutting, no pain, no danger.

A LIFE OF EXPERIENCE.

The Doctor has had **a whole life** of study and experience in his profession, and enjoys advantages which fall to the lot of but few! After attending his Full Courses in the Medical Colleges, and **graduating** with the **highest honors,** he was not content to stop there, but has since attended other Colleges, and several times reviewed the whole profession, has also traveled extensively for the purpose of improvement, having visited the best Medical Colleges, Hospitals, Dispensaries, Eye, Ear, Lung and other Medical and Surgical Institutions, traveling thousands of miles, both by land and sea; **expending thousands of dollars;** improving every advantage within his command, and devoting the best years of his life to become thoroughly familiar with his profession in all its branches,

LATEST DISCOVERIES AND IMPROVEMENTS.

Dr. Kutchin has received the most approved instruction in Analytical and Microscopical Examinations of the Blood, Urine, etc., which are now considered indispensible to a correct diagnosis in many diseases. There are many diseases which physicians in common practice do not usually treat, and are, therefore, seldom prepared with necessary and costly outfit to examine correctly, or treat with success; such cases, therefore, would do well to call at once and learn their true condition, and whether the doors of Hope are yet open, or forever closed against them.

FACTS FOR MEN OF ALL AGES.

By reason of **false modesty** the youth of our land are kept in ignorance of the ruinous results which certain solitary indiscreet practices produce. These vices when persisted in eventually undermine the constitution inducing nervous debility and premature decay. **Dr. Kutchin** has for many years enjoyed the distinction of being **the most successful and celebrated specialist** for the treatment and cure of these affections. You may consult him with complete confidence. Of all the maladies that afflict mankind there is probably none about which physicians in general practice know so little.

DELAY IS DANGEROUS.

Many diseases are so deceptive that hundreds of persons have them before they even suspect it. They know they are not well, but are perfectly ignorant of the deadly fangs which are fastening upon them, and must, sooner or later, certainly destroy them, unless rescued by a skillful hand. **Are you afflicted?** Your case may now be perfectly curable, but **Remember,** every moment of neglect brings you nearer its incurable stages, when, perhaps, the most skillful physician can render you no assistance. The present is ours, the future may be **Too Late.**

Epilepsy or Fits scientifically treated and cured by a never failing method. **Free Examination of the Urine.**—Each person applying for medical treatment should send or bring 2 to 4 ounces of urine, which will receive a careful chemical and microscopical examination. **Persons unskillfully** treated by **ignorant pretenders** who keep trifling with them month after month, giving poisonous and injurious compounds, should call and see the Doctor.

Cases and correspondence confidential. Treatment sent C.O.D. to any part of the United States. Correspondence with invalids solicited. All letters with stamps enclosed answered free.

Call and be examined and at least learn the cause of your disease, and if it can be cured. **Tape Worms** removed in from three to five hours without starvation. The remedies for the whole course of treatment are furnished from the Office or at the Institute, all at once or by the month.

CONSULTATION, EXAMINATION AND ADVICE FREE TO ALL AT THE

UNION LABEL

THURSDAY, APRIL 20, 1905

The Cubans are developing surprising enterprise. Last year, they bought $80,000,000 worth of American tobacco and sold it at a handsome profit as "pure Havana."

The Boston Traveler puts its finger squarely on a common cause of divorce when it says the trouble in many households is that the husband's earning and the wife's yearning capacity are in inverse ratio.

A decision by the United States supreme court Monday practically affirms that there can be no legal limit to a working day. The decision was made in a case coming from New York on a law prescribing ten hours a day's work and sixty hours a week's work in bakeries in that state. The supreme court, five to four, decided that such a law is unconstitutional on the ground that it interferes with the free exercise of the right of contract between individuals. It clearly follows that this decision holds to be invalid any law in any state that prescribes any fixed number of hours as constituting a day's or a week's work in any industry. It is surely one of the most important decisions ever rendered by the supreme court.

Now that the body of John Paul Jones--"black pirate" in his day, but father of the American navy in history--has been found and identified, the suggestion is made that the body should be interred at Arlington, across the Potomac from Washington. Far better would it be to give him the place of permanent honor at Annapolis, there to remain, so long as this nation lives, an inspiration to generation after generation of young Americans preparing to give their lives to our navy. In Arlington he would be one of a vast number of soldiers and sailors who served the flag, many of whom died the deaths of heroes; but to be one of many should not be John Paul Jones' fate. He deserves a greater distinction. Somewhere in the scheme for the greater Annapolis, now building, there should be a place for a tomb as distinctive in its way as that golden domed building containing the ashes of the great Napoleon, and there should be placed what remains of the body of the gallant master of the seas whose fame is one of America's greatest glories.

HORSE ENTERS HOTEL.

Its Head at Least Went Through the Window.

The landlord of the hotel at Navarre is busy patching up one of his front windows and a big hole in the hotel's outer wall as the result of an accident on Saturday. William Saam, of Strasburg, drove a spanking team to town. He stopped to chat with some friends and while standing on the sidewalk gave one of the horses a sounding slap on its side. The animal was startled and the team dashed up the street towards the hotel. A moment later a wheel of the carriage caught on the curb and the horse's head went through the hotel window, the pole of the carriage crashing through the wall. Strange to say neither of the horses was seriously injured.

Half-Sick

"I first used Ayer's Sarsaparilla in the fall of 1848. Since then I have taken it every spring as a blood-purifying and nerve-strengthening medicine."—S. T. Jones, Wichita, Kans.

If you feel run down, are easily tired, if your nerves are weak and your blood is thin, then begin to take the good old standard family medicine—Ayer's Sarsaparilla. It's a nerve lifter, a blood builder. $1.00 a bottle. All druggists.

Ask your doctor what he thinks of this grand old family medicine. Follow his advice and we will be satisfied.

To hasten recovery, keep the liver active and the bowels regular with Ayer's Pills. All vegetable.

PERMANENT HOME FOR AMPHIONS

Option Obtained on a Lot in North Erie Street.

CHAPEL IS TO BE MOVED SOON.

Presbyterian Church Authorities Desire the Land to be Vacated in Three Weeks—A Subscription Paper Will be Circulated to Obtain Ready Funds for the Work.

An option has been secured by the business committee of the Amphion chorus on a lot in North Erie street, between North street and the Armory, to be used as a site for the Presbyterian chapel, which is to be converted into a music hall. The committee was given the chapel by the Presbyterian church officials with the understanding that the chapel would be moved from the church lot by April 15. The committee was delayed in obtaining an option on a lot centrally located and the church authorities gave a longer time in which to move the building.

The chorus committee held a meeting Tuesday evening. The committee consists of William Simpson, Dr. Chidester, John E. Johns, James Killen, William Johns and Thomas Brown. The lot on which an option has been obtained will be large enough for the desired purposes. The committee has had estimates made as to the probable cost of moving the chapel and finds that the building will have to be moved in sections and that the cost will be nearly $1,500. The lot in North Erie street can be securred for about $3,000. A reduction of a few hundred dollars may be made on the price if cash is paid at the time of the purchase.

The committee discussed ways and means of raising the required amount. At present there is no money available for the purpose. The chorus has been a volunteer organization for several years and has created enthusiasm in musical circles without receiving any remuneration. Entertainments will be given by the organization to help to meet the expenses of establishing a permanent musical home in the city, but it is realized that this method will be a slow one. With this in view the committee decided to start a subscription paper in the near future and ask assistance from the citizens. This paper will be drawn up in a few days and will be circulated as widely as possible. The committee will meet again Saturday evening. The church authorities are very anxious that the chapel be moved within the next two weeks. The chorus committee feels confident that the musical people of the city will give the desired assistance.

The project of establishing a permanent home for the Amphion chorus was started during the rehearsals of the chorus of the music to be sung at the Stark county eisteddfod on May 30. The Presbyterian church had offered the chapel for sale but hearing of the desire of the chorus for a permanent home changed its plans and donated the chapel. The chorus is now trying to do its part in carrying out the plan as outlined by the church authorities.

STRIKE FIGHT AT WHEELING.

Strike Breakers Succeed in Entering the Mill.

Wheeling, April 19.—Upon the arrival at noon Tuesday of sixty-five strike breakers from Pittsburg at the Whitaker-Glessner sheet mill here, a fierce battle ensued between over one hundred strikers and the strike breakers, aided by thirty armed mill guards. With maces in one hand and revolvers in the other, the guards charged on the strikers when they attempted to intercept the newcomers. For ten minutes a battle royal was waged between the two hundred men, the guards, however, refraining from using their revolvers, but clubbing right and left with their maces. The weapons of the strikers were stones and clubs. A large number were injured, but none seriously. The new men finally gained the cover of the mill and physicians were summoned to attend the injured. The sheriff is now in command of all the approaches to the mill.

It fills the arteries with rich, red blod. Makes new flesh and healthy men and women. That's what Hollister's Rocky Mountain Tea will do. 35 cents, Tea or Tablets. Z. T. Baltzly.

A GALLON OF GREEN SEAL PAINT

Is a gallon of heavy bodied paint and when thinned up according to directions on every package, is the most economical paint made. For sale by Hawk Hardware Co.

Every one goes to see the moving pictures Saturday afternoon, April 22. Admission 10 and 20 cents.

JAPAN NEEDS WATCHING.

Government Considering Plans for Protecting Philippines.

Washington, April 19.—The trip to the Philippines, on which Secretary of War Taft with a distinguished party will start about July 1 from San Francisco, is not to be altogether a pleasure jaunt. In fact, it has become known in high circles that the main object of Mr. Taft's trip is to familiarize himself with the situation as it now exists, with the view of making comprehensive plans for the defense of our Asiatic possessions. A high official who knows of what he is speaking said today:

"While this government does not doubt in the least the good faith and friendship of the Japanese, it is realized that the present war in the far East has knocked in the head all the old ideas about the eastern Asian situation. Circumstances may arise when we will have to defend the Philippines against Japan, China or some other power. While they are perhaps not so vulnerable as they were when Dewey sailed into Manila bay they are far from being in a defendable condition against a powerful enemy.

"No men realize this more fully than do Secretary Taft, Admiral Dewey and General Chaffee, all of whom may be considered Philippine experts. They are none of them alarmists, but all realize that now is the time to do this work. The construction of efficient land defenses in this day is not a matter of a few weeks.

"We have now important naval stations at Cavite and Olangapo which must be made impregnable, to say nothing of the cities which must be protected. Up to the present time not a gun has been mounted by United States officers in any of the insular possessions of the government. Emergency defense plans have been mapped out for all the islands, and some work has been done under these plans at three places, but they are all practically defenseless.

"When the next congress meets there will be ready for presentation to it an elaborate plan for the defense not alone of the Philippines, but of Puerto Rico, Guantanamo, the Panama canal strip, Sutvila, Hawaii and Guam. Convincing reasons will be presented along with it why this work should be carried on at once. The cost will mount into the millions, it is true, but it is absolutely necessary that it should be done, and at once, unless we desire to run the danger of irreparable damage should war come, and it must be remembered that war has a habit of coming when it is not expected."

Last year congress appropriated $700,000 for insular defenses. There was a discussion as to where the money should be expended, and it was decided that practically all of it should be devoted to sea coast defenses in the Philippines. The fact that the major part of this year's appropriation is to be applied in the same direction is a fair indication of what military officers think of the relative importance of the various insular possessions of the government. All this money will be devoted to the construction and emplacement of heavy batteries.

There is excellent authority for the statement that the general staff of the army is now considering plans of campaign for the protection of the Philippine islands. In all probability Japan figures as the enemy in one set of campaign plans and Germany in another. This, of course, does not mean that the government looks for war with either of those countries. It merely means that the general staff does not propose to be caught napping, and is preparing for any emergency that may arise.

AN UNFRIENDLY ACT.

English Vessel Reports Location of Russian Fleet.

St. Petersburg, April 19.—The Novoe Vremya says that the vessels of all nations are observing neutrality, "with the exception, of course, of Great Britain." The papers take particular exception to the fact that the British cruiser Iphigenia transmitted by wireless telegraphy the information that she had passed Admiral Rojestvensky's squadron 140 miles from Saigon, which was very important news to the Japanese, inasmuch as Rojestvensky had succeeded in slipping by the Japanese scouts.

"For a commercial ship to report such a fact upon arrival at a port is quite natural," says the Novoe Vremya, "but it is not so important as the news is then more or less old and in the meantime the squadron might have changed its course, but for a man-of war to send such information to a coast station by wireless telegraphy is unfriendly."

Hollister's Rocky Mountain Tea is positive, never nauseates or upsets the stomach. Cleanses and purifies the entire system. A great blessing to suffering humanity. 35 cents, Tea or Tablets. Z. T. Baltzly.

PAINT MISTAKES

Are easily made. The way to avoid them is to ask for "Green Seal," the paint that's always pure. For sale by Hawk Hardware Co.

SUDDEN DEATH OF EDWARD BECKER.

Taken Ill With Heart Failure Tuesday Morning.

BORN AND REARED IN THE CITY.

The Final Summons Came Early Wednesday Morning—Deceased was a Tinner by Trade—Funeral Will be Held Friday Afternoon from the Late Residence.

Edward L. Becker, aged 35 years, died from an attack of heart failure at his home, 101 Washington avenue, at 2:30 o'clock Wednesday morning, after an illness of but a few hours. Mr. Becker was a tinner in the employ of Pinkle & Gleitsman and left his home as usual Tuesday morning for his day's work. On the way down town he was taken ill and when he reached the tin shop was unable to care for himself and was immediately taken to his home in a buggy. The attack was a sudden one but was not accompanied with pain. Mr. Becker was conscious to the last and realized the seriousness of his condition. About two weeks ago he felt a slight attack of heart failure and told his friends of the attack but thought it would soon pass away as it did apparently until a more serious turn took place Tuesday. So little did Mr. Becker think of the first attack that he continued to work at his trade until Monday evening.

As soon as he had been taken to his home Tuesday a physician was called and other members of the family notified of the illness. All possible measures were used to stimulate the heart action which responded but feebly to the restoratives.

Mr. Becker was a son of Mr. and Mrs. John Becker and was born in Massillon, where he spent all of his life. The father died six years ago and since that time the deceased had made his home with his mother. After attending the public schools, the deceased learned the tinner's trade with A. F. Portmann, for whom he worked until about one year ago, when he entered the employ of Pinkle & Gleitsman.

The deceased is survived by his mother, Mrs. Elizabeth Becker, two sisters, Miss Amelia Becker and Mrs. Henry Wilhelm, and three brothers, Frank, John and William Becker, all of this city. The deceased was a member of the Amalgamated Sheet Workers' Union.

The funeral will be held from the family home in Washington avenue Friday afternoon at 1:30 o'clock, the Rev. J. E. Digel officiating. Interment will be made in the Massillon cemetery.

MRS. HENRY LENHART.

Navarre, April 19 —Mrs. Henry Lenhart, aged 38, died quite suddenly at her home near Wilmot, at 7 o'clock Tuesday evening. Mrs. Lenhart was a daughter of Mr. and Mrs. John Rosenberg and had spent her entire life near the home in which she died On Friday last she celebrated her thirty-eighth birthday and the twentieth anniversary of her marriage, and at that time was in the best of health and spirits. She is survived by her husband and five children The funeral services will be held next Friday at the Welty church.

JOHN O'TOOLE.

John O'Toole, aged 26 years, died at the home of his sister, Mrs. Charles E. Wetzel, 43 Orange street, of inflammatory rheumatism, at 10 o'clock Monday evening, after an illness extending over two years. The last serious illness was of two weeks' duration. The deceased was a well known young man of the city. He was last employed by Joseph Snyder, in Diamond alley. Mr. O'Toole is survived by one sister, Mrs. Wetzel.

THE CRUCIFIXION.

Monday Evening, April 24, at the New Armory.

Massillon has been unusually lucky during the past musical season in the line of high class musical events, and now comes the most interesting of all, one which has not been attempted in Massillon before in its musical history. This noble work, treating of the last days of the Savior, given by an entire male chorus, consisting of boys and men, interspersed with beautiful solo parts in tenor and bass, must be heard to be thoroughly appreciated.

Remember, the male chorus consists of seventy-eight well trained singers and the solo parts taken by our own people and not imported talent. A great interest is being shown already by the music lovers of the city, and seats are selling fast. Do not wait too long before securing your tickets for this concert. Prices 35, 50 and 75 cents. New Armory Monday evening, April 24.

HUNGARY MAY YIELD.

Austrian Language Will be Used in the Army.

Budapest, April 19.—The movement to establish customs tariff for Hungary alone, as distinct from the present Austro-Hungarian tariff, is gaining strength and popularity here and is becoming an important factor in the serious question of Austro-Hungarian relations. Hungary today is able to take this step of an independent nation under the so-called law of 1899, passed by the Hungarian parliament and signed by the king that year, which empowers Hungary, at her own will, to establish an independent customs tariff and denounce the existing commercial treaties, in so far as she was concerned therein.

The supporters of this movement declare, first, that all details as to rates of the new tariff can be prepared within a month; second, that as certain commercial treaties between the monarch and foreign states expires January 1, 1906, and the existing commercial ausgleich between Austria and Hungary expires December 31, 1907, consequently there is an interregnum of two years, which may be bridged either by extending the foreign treaties two years and then making new ones, or abrogating the ausgleich in 1906 and immediately starting negotiations between Austria and Hungary and foreign states for treaties to become operative in 1906; third, that Hungary can only obtain a successful settlement of her customs situation by excluding from her treaties with foreign states a general application of the favored nation clause; fourth, that a national Hungarian bank should and can be established, and fifth, that Hungarian and Austrian commercial relations can be entrusted in the beginning to Hungarian and Austrian officials attached to existing Austro-Hungarian embassies, legations or consulates.

Hungary's liberty and ability to undertake and carry out such steps as the foregoing are recognized, and the belief here is growing that Hungary will do this and yield to the crown for the present on the matter of the use of Hungarian as the army command language.

FIGHTING THE STANDARD.

Methods Employed by Great Corporation at Oberlin.

Oberlin, O., April 19.—There are three kerosene oil dealers with headquarters in Oberlin who go about with tank wagons supplying customers with kerosene oil. Two of the men buy Standard oil, while a third, S. G. Gibson, refuses to handle it.

His customers complained last December of the grade of the Standard oil and so he refused to handle it, securing oil from an independent refinery in Cleveland. Since that time Standard oil representatives have time and again approached him, but he has repeatedly refused to handle their product.

"Since I've been handling independent oil," he said, "my business has increased so that I'm scarcely able to handle it. I go about the neighboring country and I constantly get new customers who won't have the Standard at any price. Since December the Standard oil hasn't wavered in price, but before that it went up and down and my poor customers groaned at the changes. I decided then to handle none other than independent oil. I received a letter today from Washington requesting me to file a statement as to the action of the Standard oil representatives and I've already attended to it. Last December the Standard was put down to two cents. They thought they could crowd me out, but I fooled them. My customers did not desert me. I've kept right at it. I have my own private tanks right out here in my back yard. On the first of April I secured forty barrels of oil, fifty gallons to the barrel, and I have already disposed of it."

RUSSIAN FINANCES.

Three Hundred and Twenty Millions for War Expenses.

St. Petersburg, April 19.—A financial statement regarding the state of the budget for 1904 shows that the total ordinary revenue collected was $1,008,500,000, being $18,500,000 over the estimates, $7,000,000 below the total of 1903, and $55,500,000 more than in 1902. The ordinary expenditure was $955,000,000, leaving a surplus of $53,500,000.

In the extraordinary budget the $320,500,000 assigned for war expenditure, the $81,000,000 for railroad construction and the loans to railroad companies for extraordinary expenditure were met by the above surplus and $53,500,000 proceeds of the five per cent treasury bonds realized in 1904, imperial rente bonds totalling $215,500,000, other extraordinary revenue amounting to $1,500,000, and the balances of former years amounting to $190,500,000.

This left at the beginning of 1905 a "free" balance of $59,500,000, in which the proceeds of the 4½ per cent loan were not included.

Try Fancy Crown Patent Flour.

COUNTY SEAT NEWS.

A Young Couple Married in Haste at Canton.

SUPPOSED TO BE ELOPERS.

Hearing of Injunction Restraining Service Board from Letting Contract for New Pumping Station—Certificates are Granted to Teachers in Western Part of County.

Canton, April 19.—With every appearance of an eloping couple, Harry L. Griffith and Miss Lillie M. Leggett, both of Akron, jumped from an electric car as soon as it landed from the Summit county capital and made a rush for the office of Justice J. A. Bowman. While the groom-to-be hastily placed a marriage permit issued from the Summit county probate office in the hands of the astonished justice he told that he desired to be married, requesting that all speed possible should be exercised. The blushing bride threw her coat down upon a chair and in a moment the two stood before the justice and answered to his interrogations, after which they were pronounced man and wife. They hurried from the office and were soon lost among the people in the public square. Both bride and groom were quite young and they seemed greatly excited.

The hearing of the injunction to restrain the board of public service from letting the contract to George Whike for erecting the new water pumping station was on before Judge Ambler Wednesday morning and at its conclusion the case was taken under advisement. Whike had a bid in for $24,888.23, specifying each branch of the work separately, while Melbourne Brothers had a bid for $24,200, but it was a lump bid. Architect Bostick, of Massillon, furnished the plans and specifications for the building.

The county board of school examiners has completed the grading of the examination papers submitted by applicants at the teachers' examination, and among those given certificates for one year are: L. B. Harris, Massillon; Earl E. Kutcher, Beach City; Cullen W. Meyer, Navarre; Walter E. Reinhard, Justus; Edwin Roush, Justus; Ira L. Smith, Massillon; L. F. Stoner, Pigeon Run; Lulu E. Ellis, Wilmot; Emma Johnson, North Lawrence; Effie R. Wyant, Justus. The other applicants belong to other parts of the county.

CANADIAN INDIANS INCREASE.

Birth Rate is Now Said to Exceed the Death Rate.

Ottawa, April 17.—For the first time in the history of Canada, the Indian returns published by the Dominion government show that the birth rate among Indians last year was considerably greater than the death rate. This may be taken to indicate that the Indians of North America will not become extinct in time, as some suppose. While some of the remaining tribes will also probably die out and finally disappear, like many of their predecessors, yet it is claimed that certain of the tribes on the Pacific coast will not only increase, but will become woven into the civilization of the West, taking their places by the side of the white man in the affairs of the land. These changed conditions are attributed to the combined efforts of the government and the missionaries. Moreover, the tribes referred to are stated to be of more than ordinary intelligence. Their ancestors are said to have originally drifted from Asiatic shores across to North America by way of the Bering sea, Aleutian islands and Alaska, working their way down the coast. The Ketimat Indians are so much like the inhabitants of northern Japan that they can scarcely be distinguished, one from the other.

BANKERS PLEAD GUILTY.

Wreckers of Lorain Bank Will be Sentenced Today.

Lorain, O., April 19.—The end of the Citizens' bank cases as far as the criminal part of them are concerned is coming much sooner than was expected, for the indicted bank officials, Edward F. Kaneen, Homer B. Walker and Dana S. Walker, will appear before Judge Washburn today and plead guilty to the indictments against them.

The plans have all been made. Judge Washburn will sentence them at once, and Sheriff Salisbury will leave with them for Columbus. Since Saturday afternoon the plans for the defense were so changed that an agreement was reached by which all were to plead guilty to two of the indictments against them. The others are to be nolled.

"HOME, SWEET HOME"

Will be more homelike and attractive in a new dress of Green Seal Liquid Paint. For sale by Hawk Hardware Co.

NEWSPAPERARCHIVE®

LOCAL HAPPENINGS.

Discovered this Week by Independent Investigators.

Because of diphtheria at Coshocton, two school rooms have been closed. There have been six cases and two deaths.

The Cross Roads Sunday school will hold services on Saturday evening. A good programme has been prepared. Everybody is invited.

The marshal of Doylestown receives $24 a year, payable quarterly, for his service. This is said to be the lowest salary for a like position in the state.

Special services will be held at the Wesley M. E. church Friday evening. The Rev. S. K. Mahon will deliver a sermon, followed by communion services.

Prominent citizens of Alliance are hard at work on plans for a big summer Chautauqua to be held at Lake Park, near that city, from July 22 to July 30.

Sixteen members of the Mrs. Major McKinley Tent No. 1 went to Alliance Tuesday to attend the sixteenth anniversary of the Mrs. John A. Logan Tent No. 2, Daughters of Veterans.

D. D. Taylor, editor of the Guernsey Times, and one of the most prominent men of the state, is dying of pneumonia He had expected to be a candidate for the Republican nomination for lieutenant governor before the next state convention.

At 12 o'clock noon Wednesday the thermometers registered 62 degrees above zero in the shade, and the weather man offers to moderate the temperature considerably within the next few days. This will be joyful news to the base ball players, fans, farmers and the ice man.

The Chautauqua Legendary Lore club will give its second interpretative recital upon Parsifal, Wednesday afternoon, April 26, at 2:30 sharp at 102 Prospect street. Tickets can be procured from Miss Jennie Patterson at the Bee Hive, or from any member of the club.

Fifteen or twenty members of Sippo lodge No. 48, I. O. O. F., visited Nimisila lodge at Canton Tuesday evening and watched the administration of the third degree upon three candidates. The visiting brothers were royally entertained by the Canton members. The Massillon delegation returned to this city on the 11:30 o'clock car.

According to reports from Columbiana county there will be a second candidate in the field for the Republican nomination for congress of the eighteenth district against James Kennedy, the present holder of the office. James J. Grant, of Canton, announced himself some time ago, and now C. S. Speaker, of Lisbon, is a candidate from Columbiana county.

The twenty first annual reunion of the Sultana Survivors' association and the fortieth anniversary of that di aster will he held at the G. A R. hall, Wooster, April 27 28, 1905, at 10:30 a. m. All survivors and their friends are cordially invited. It is desired that the comrades bring their wives and daughters. S. H. Raudebaugh, colonel commanding, Lindsey; J. J. Kaiser, adjutant, Canton.

Claude O. Brown, a former Norwalk boy and at one time telegraph operator on the Wheeling & Lake Erie in this city, and now located at Newcastle, Pa., has recently been promoted to the responsible position of train dispatcher on the Newcastle and Chicago Junction division of the B. & O., for which company he has been working as operator for the past three years.—Norwalk Reflector.

It was only by offering a large guarantee that a date could be secured by the management of the Armory with the Isle of Spice company, which will appear here Wednesday evening, April 26. The company numbers seventy-five members, and the orchestra will nnmber eighteen. The "Isle of Spice" was produced two hundred times in Chicago, one hunored and fifty times in Boston, and one hundred nights in New York.

At the residence of Mr. and Mrs. B. Leroy Smith, of Duncan street, Mrs. Mary Merrill celebrated her sixty-fourth birthday Monday evening, by entertaining her Sunday school class. Music and conversation were the pastimes. Mrs. Merrill was the recipient of many fine presents. Refreshments were served. Besides the Sunday school class a few intimate friends were present. The out of town guests were Miss Mary Ellis Nelson, of Delaware, and Miss Mary Fox, of Canton.

The annual Memorial day exercises in Massillon will be in charge of the patriotic societies as usual. Hart Post No. 134, G. A. R., has already secured former Department Commander Yingling, of Salem, to give the address upon the occasion. Other exercises in keeping with the sentiment of the day will be carried out. The post will attend the services in the First M. E. church in a body on the evening of Sunday, May 28. The Rev. H. W. Dewey will deliver the annual memorial sermon.

The funeral of the late John O'Toole was held at 9:30 o'clock Wednesday morning from St. Mary's church, the Rev. Father Reuter officiating. The services were attended by many of the deceased's friends and by representatives of the Eagles, the Foresters and the Bartenders' union, of which the deceased was a member. Each society gave floral tokens emblematic of the order represented. The pall bearers were members of the three orders. Interment was made in St. Mary's cemetery.

A dispatch from Lisbon says: Judge W. W. Hole, of the Columbiana county common pleas benc , has secured from ex-Judge J. A. Ambler, of Salem, a fine life size photograph, which has been elegantly framed, to be placed in the court room here with the portraits of other ex-judges. Judge Ambler will go to Upper Marlborough, Md., soon to make his home with his daughter, Mrs. F. E. McManus. He was not quite thirty years old when he went on the bench here, January 1, 1859, in which capacity he served nine years, afterwards representing this district in congress. With the exception of John W. Morrison, of Lisbon, he is, in point of age, the oldest member of the Columbiana county bar.

KNIGHTS TEMPLARS.

Services in Canton on Good Friday; in Massillon Easter.

Massillon commandery No. 4, Knights Templars, will attend Good Friday services in the Masonic temple in Canton, leaving here on the 1:30 o'clock car in the afternoon and going direct to the temple upon their arrival in that city. The knights will meet at the local Masonic temple at 1 o'clock in full regalia.

The commandery will attend services at the Christian church Easter morning, when the Rev. George Darsie will deliver a sermon. The custom of the commandery is to attend services in the different churches on Easter morning from year to year.

One week from next Friday evening the commandery will meet in special session in the Masonic temple to confer the temple degree upon a candidate. The meeting is called for 7 o'clock.

JUDGMENT FOR $5,000.

Suit Won by A. Shorb Against Beaver Dam Coal Company.

A judgment for $5,000 was given in favor of A. Shorb, of Massillon, administrator of the estate of the late Simon P. Shorb, against the Beaver Dam Coal Company, in the common pleas court at New Philadelphia, Wednesday morning. Suit was brought against the company in the sum of $10,000 for the loss of life.

The late Simon P. Shorb, who lived at Midvale, south of New Philadelphia, was killed in a mine of the Beaver Dam Coal Company last December. It was alleged in the suit, brought by the administrator of the estate, that death was not due to Mr. Shorb's negligence or carelessness. The case has been on trial for a few days in the New Philadelphia courts. Whether or not the case will be appealed to a higher court has not been announced.

LOOK OUT FOR SWINDLERS

Postmaster Koons Warns Local Merchants and Others.

Postmaster L. A. Koons, who warns all merchants and others against cashing money orders for strangers, has received the following letter from Inspector Holmes regarding the operations of two clever swindlers:

"Two men of the descriptions below for some time past have been operating together as money order frauds. A new name is taken with almost each transaction. Under the name of Harry W. Randolph and Frank Wilson in December last they operated at Denver, Col., where descriptions below were obtained:

"Randolph, age 26 years, height 5 feet 6 inches, weight about 145 pounds, complexion dark, hair dark, smooth shaven, eyebrows very heavy and connected. Wilson, age 24 years, height 5 feet 7½ inches, weight 140 pounds, light complexion, light hair, parted in middle, thin on top, smooth shaven, large ears, full blue eyes.

"Within current week same parties have operated in Cincinnati and Hamilton, O. Their plan is to purchase money orders for small sums, 20 to 50 cents, usually payable to some well known newspaper, erase all handwriting on face of order, and fill out to their wish as to amount and place of payment; the latter they visit, and on purchase of a small bill of goods present the order and secure goods and cash balance in payment, usually after office hours.

"Place watch on unknown purchasers of small money orders fitting above descriptions, and secure apprehension by local authorities and notify this office promptly. Advise all merchants possible of description, and request them, if orders are presented after office hours by party fitting either description, to secure arrest and holding by discreet appeal to police, and advise this office at once by wire. Follow this plan with purchasers of small orders as described above, as we can identify parties fully in transactions past."

Easter Flowers

At Heckert's Thursday, Friday and Saturday. Azalias, lilies, tulips, hyacinths and daffodils.

NEARBY TOWNS.

NEWMAN.

Newman, April 19.—Born, to Mr. and Mrs. William H. Bender, the past week, a daughter.

W. W. Putt, of Canal Fulton, called on his Newman friends Tuesday.

A son was born to Mr. and Mrs. Ernest Prentice last Friday.

Quite a number of our people are finding employment with the different contractors at Massillon.

Mrs. Sadie Masters came home from Canton and spent from Saturday to Monday with her parents, Mr. and Mrs. Joseph Griffith.

Our Sunday school is arranging an excellent programme for Easter Sunday evening. Everybody is invited.

The Lawrence Township Sunday School Associaton will hold the next convention on Sunday, May 21, at the Newman Creek chapel. The convention was to have been held at this place this time, but owing to the repairs of our local church the chapel friends have kindly consented to handle the convention this time and Newman will take its turn next September. Our people are thankful for the accommodation.

GENOA.

Genoa, April 19.—The farmers are plowing for oats and corn.

Mrs. Ira Muskoff is laid up with a sore hand.

Mr. and Mrs. John Gephart have returned home after visiting Mr. Gephart's parents near Coshocton.

Edward Glick has moved Mr. Kocher's sawmill to Al Huritt's to do some sawing.

Mr. and Mrs. Byron Whitmer visited the latter's parents last Sunday.

Born, to Mr. and Mrs. Clyde Fohl, a daughter.

Mrs. Nellie Kaner visited Mrs. Fred Marchand last Tuesday.

Frank Wade and family have moved to their new home at Canton.

William Miller is on the sick list.

SONNENBERG.

Sonnenberg, April 19.—Gideon Gerber had his new barn raised Friday.

Born, to Mr. and Mrs. Valentine Gerber, a daughter.

Daniel Kirchhofer is sick with pneumonia.

Daniel Bixler has purchased a new buggy.

Menno Zuercher has left for Peoria, Ill., where he will enter a school to learn the watchmaker's trade.

John J. Hofstetter has returned home from Colorado, where he was engaged in drilling for the Massillon Coal Company. He expects to visit here a few weeks, after which George Homer will accompany him back to assist in drilling.

The death of Isaac Sommers occurred here last Friday evening of grip. He was 51 years of age. He leaves to mourn his death a wife and six children. Interment took place at the Mennonite church Monday, the Revs. C. N. Amstutz and Ira Buckwalter officiating.

BENTLEY.

Bentley, April 18.—Communion service was held at this place Sunday morning at 10:30. Quite a large attendance for the rough weather.

Mrs. Charles Herbst spent Sunday with her parents, Mr. and Mrs. Henry Erb.

Mr. and Mrs. G. R. Snavely attended a birthday party for Mr. Snavely's brother at Pigeon Run Saturday evening.

The Misses Elma and Lura Oberlin, Ella Harig and Nellie and Edna Snavely and John Snavely, Merl Eckard and Lloyd Rudy went to East Greenville Friday evening to attend the teachers' institute. They report a fine programme.

Mr. and Mrs. Albert Smith spent Sunday with the latter's parents, Mr. and Mrs. C. D. Oberlin, Sunday.

Some ministers from Massillon expect to begin a series of meetings in the school house, beginning Tuesday evening.

On account of the inclemency of the weather the school election which was to have been held last Monday evening will take place this evening.

An Easter exercise will be given at the church Sunday evening.

J. S. Erb is suffering with an attack of rheumatism.

Mrs. Herman Walters, of Massillon, spent Sunday with her parents, Mr. and Mrs. William Levers.

A few attended the rehearsal of the Easter exercises last evening. The next rehearsal will be held Wednesday evening.

Mrs. I. N. Snavely is on the sick list.

Mrs. Mary Rudy spent Sunday with Mr. and Mrs. J. L. Rudy.

The Misses Nellie Snavely and Elma Oberlin visited at West Brookfield Sunday afternoon.

G. R. Snavely visited his parents at Massillon Sunday.

J. Warren Erb returned to Mansfield Saturday after spending a week with his parents.

No mercury, no minerals, no danger in Hollister's Rocky Mountain Tea. The greatest family tonic known. Brings good health to all who use it. 35 cents, Tea or Tablets. Z. T. Baltzly.

DO YOU KNOW

The value of "Hanna's Lustro Finish?" It makes old floors, furniture and woodwork look more beautiful than when they were new. And it lasts. See finished samples at Hawk Hardware Co.

OFF TO PENITENTIARY.

Lorain Bankers Sentenced After Pleading Guilty.

Lorain, O , April 19.—Cashier E. F. Kaneen, Assistant Cashier H. B. Walker and Bookkeeper Dana S. Walker, officials of the defunct Citizen's Savings bank, of this city, pleaded guilty to a charge of embezzlement before Judge Washburn today and were sentenced. Kaneen got seven years and the two Walkers each two and one-half years. They will be taken to Columbus this afternoon.

Judge Washburn, in sentencing the prisoners, said it was the hardest task undertaken by him during his official career, Kaneen being a close and life-long friend The judge was almost overcome with emotion. In pleading guilty Kaneen admitted that he was entirely to blame for the Walkers' downfall. The p isoners were taken to the penitentiary immediately after sentence was pa-s d.

THE RUSSIAN FLEET.

Entire Squadron is Now at Kamranh Bay.

London, April 19.—A dispatch from Tokio to the News Agency says: "Information has been received here which is taken to indicate that the Russian squadron proposes staying at Kamranh bay until May 7. Admiral Rojestvensky is meanwhile sending out cruisers to overhaul merchantmen proceeding along the trade route to the Straits of Formosa. The transports accompanying the Russian squadron are reported to be plying between Kamranh bay and Saigon under the merchant flag of Russia."

BANKER GOES TO JAIL.

Six Years for Misappropriating Bank's Funds.

Buffalo, April 19.—Earl W. Card, former president of the Medina National bank, of Medina, N. Y., was today sentenced to six years' imprisonment in the Auburn prison for misapproprating the bank's funds and making false entries to the comptroller of the currency.

PAINT WISDOM.

Don't experiment with common paint. It costs as much as "Green Seal" before using—and a great deal more after. For sale by Hawk Hardware Co.

DE BURRY, THE DARING.

His Astounding Performance Setting at Defiance the Fixed Laws of Gravitation.

With all the modern death-defying devices that have flourished from time to time, as thrillers in the circus world, the leap-the-gap compares as would a swim in the whirlpool of Niagara to a game of mumbletypeg. This daring fugacious thriller, who styles himself DeBurry, toys with the grim reaper as a cat would with a mouse, when twice daily, with the John Robinson Shows, he takes his life lightly in his hands, and, for the pastime of its patrons, literally flings defiance into the teeth of the supporters of Sir Isaac Newton's theory of the law of gravitation. The act itself baffles description; it must be seen to be appreciated. Here Wednesday, May 3.

FOR SALE—A good dwelling house and lot in the village of Navarre, O., the Dr Alender property For terms and particulars please see the proprietors or A W Goshorn.

THE GREEN SEAL PAINT

Will cover better than other paints. This is because it is made from best materials. For sale by Hawk Hardware Co.

Full instructions in the "Royal Baker and Pastry Cook" book for making all kinds of bread, biscuit and cake with Royal Baking Powder. Gratis to any address.

ROYAL BAKING POWDER CO., 100 WILLIAM ST., NEW YORK.

CAR HIT WAGON.

Canton Huckster Injured on Yingling Hill Tuesday.

Tuesday morning the baggage car which runs between Massillon and Canton struck a vehicle driven by Max Solovitch, a Canton huckster, on Yingling's hill. The wagon was demolished, Solovitch was thrown out and rendered unconscious, and the horse was slightly injured. Solovitch was carried to the car barns in East Main street and returned to Canton on the next car, where he was taken to his home. Every attention was given the man by the street car employes.

The accident was the result of carelessness on the part of the driver, the motorman being unable to stop the car on the grade when Solovitch's rig was seen to be too close to the tracks.

WHY?

Why do most painters use Green Seal Liquid Paint? Probably because most owners insist upon it. For sale by Hawk Hardware Co.

MISTAKEN FOR A BURGLAR.

One Doctor Shoots Another at Entrance of Bank.

Richmond, Va., April 19—Dr. Alexander Nelson, of the staff of the Western State hospital, was killed by Dr Bragg, early this morning, mistaking him for a burglar. Bragg has rooms in the Citizens National Bank at Covington, Va. Dr. Nelson arrived during the night to visit his brother and in endeavoring to reach his brother's room near the bank became bewildered and was at the entrance of the bank when killed.

DIED IN HIS CHAIR.

See our Pretty Style Misses' Jacket at **$5.00.**

NEWSPAPERARCHIVE®

NEWSPAPERARCHIVE®

The south is trying melons, peaches, Bermuda onions and several other crops in place of cotton, to the benefit of the soil and the growers as well.

It is always hard to make us believe that a farm carries a big mortgage which has neat and well painted buildings and carries well bred domestic animals.

When fourteen ears of corn will plant one acre of ground it seems foolish not to absolutely know that each ear of that corn is sound and reliable and of high germinating power.

The adult apple tree is always grateful for and responsive to good culture and fertilization. Many people are careful to cultivate and fertilize their young orchards, but entirely neglect the old one.

Occasionally one traveling through the west will see a big pile of corn lying out on the ground entirely unprotected. It means that the owner raises too much corn or that he is dead shiftless, usually the latter.

It may be a season when the question of conserving moisture in the soil will be one of vital importance to the crops. The value of a dust mulch produced by constant surface cultivation is invaluable for all cultivated crops. The garden may really be watered with a hand rake intelligently used.

The general health of the American people would be better if they would eat twice as much corn bread, corn cakes and other products of corn as they now do. Their stomachs would keep in better tram and their teeth would last longer. A steady fine flour diet makes lots of work for the doctors.

Not less than 125,000 corn growers in the state of Iowa will have listened to the improved method of testing seed corn by the time the last of the trips of the "corn specials" over five trunk lines is complete. It is confidently and reasonably expected that this good work will result in a better stand and better crop of corn.

Today the well bred sheep is the most profitable animal kept on the farm. Mutton leads both beef and pork in price per pound, while wool is being contracted for at excellent prices. The right sort of sheep will this year return $2 in wool product and a lamb which will sell for $6 when nine months old. Eight such sheep can be kept on the food required by one cow, and there is no milking to be done.

The cow alone of all the domestic animals is able to utilize profitably farm land worth $150 an acre and up. The raiser and seller of grain or hay cannot use such land; it is too costly for the production of beef or mutton or pork, "five as the hog is a byproduct of the dairy. The silo is indispensable on such land, as is well kept poultry. Cows make the reclaimed high priced lands of Holland profitable, while the farms of the island of Jersey are mostly given up to dairying.

There must either be a very marked and permanent increase in the price of farm products or the land must be got into a much more productive state if there is to be a much greater advance in farm values. We do not look for increased prices for farm products; hence if land is to be worth more it must be made to produce more, and this may be done. The speculative value of farm land is now almost a minus quantity in all the older and well settled portions of the country, and future values will be based upon what the farm can earn.

In a section of the country where oats, wheat, rye and barley all do well a friend there living writes us asking about the advisability of trying speltz as a cereal crop. We do not think he would find it a desirable crop compared with the other cereal crops mentioned. It is not as palatable a food as oats and will seldom yield as well. This crop has a wide field of usefulness on all the semiarid sections of the country, where none of the cereals mentioned will do well for lack of sufficient moisture, but not where they will grow and do well.

There is one fact which needs emphasizing all through the corn belt, and, for that matter, all through the wheat and cotton growing sections as well, and that is that continuous growing of the same crop year after year on the same land is absolutely ruinous to the land, the crop and the man who does it. There must be a rotation of crops and a part of such crops of that character which will rest and renovate the soil, such as grasses to be pastured and clover. The most common and utterly inexcusable form of grand larceny to be found in the country today is that so generally practiced by the average farmer with regard to the soil which he works.

Silos are being successfully constructed of cement, and cheaply at that. We question if a better material for this purpose can be found.

It takes about fourteen ears of corn to plant one acre of ground. If one ear of the lot is poor there will be from 500 to 700 defective seeds planted.

If you are getting an annual poultry product from the farm worth, say, $80, you can double it just as easy as rolling off a log. Every farm should sell poultry products worth $200 each year.

It is a poor policy to let the stock tramp over the cornstalk fields when the frost is coming out in the spring. Such tramping either on field or meadow at that time is always injurious to the soil, yet most men do it.

If a cow will give an average of twenty pounds of milk a day for 200 days she is worth $100 of any man's money. This would make her milk product worth $60, which would represent a net profit on the cow of at least $25.

Beef men have had to work out the problem the past winter of feeding forty cent corn to three and one-half cent feeders to sell on a $4.75 or $5 market. Some have made a trifle and many have lost money in doing it. Only the best type of feeders will show a profit under such conditions.

The agricultural college of one of our western states has had no less than 3,000 samples of seed corn sent to it during the past winter for the purpose of having it tested as to its germinating power. This was all unnecessary, for every man could have just as well have tested his corn right at his own home.

The demand for iron and steel may always be accepted as reliable evidence of the business prosperity of the country. The demand for steel means constructive work, this means employment for labor and this means a good demand for all farm products. The demand for steel has seldom been more pressing than now; hence another prosperous period is in sight.

We never could understand why any man should consider it a thing to brag over that he had been able to raise corn on the same field for twenty years in succession. Supposing he has, he still has not raised two-thirds as good a crop as he might have done by using a sensible system of rotation in working his land. This sort of bragging is like that of the man who boasted that he had swallowed two dozen raw eggs at one time on a bet.

At this spring season everybody is busy raking up and burning the leaves. This is all wrong, for leaves are too valuable a fertilizer to be thus wasted. Rake them up and put in a compost pile, where they will later decay and afford a leaf mold which is just what the flowers and garden vegetables delight in, or else rake them up and use them as mulching for the rosebushes, grapevines and currant and raspberry bushes. Don't burn them.

The fertilizer most needed on the farm is brains. One man will shin along on an eighty acre farm and grow poorer each year, with unpaid store bills and compound interest mortgages, until he gets a small sum for his equity and strikes out to try the miserable business all over again. Another man will take the same farm and by combining brain and muscle will not only get a first class living from it, but save money every year. Farms are often peeled when it is the owner alone who is to blame.

The reason why so much trouble is associated with seed corn and rarely any with our cereal grains is that barley, wheat, rye and oats mature early in the season and, besides, are small in kernel and not attached to a cob, as is corn, while the corn needs quite often the entire frostless season in which to ripen and at that grows on a spongy, fibrous cob retentive of moisture. This fact emphasizes the need of securing and thoroughly drying corn intended for seed before the frost hits it, this being the prime reason for defective seed corn.

As the result of a long series of experimentation in hybridizing the frost proof but worthless oranges of Japan and China with the valuable fruits of Florida a type of hardy orange, seedless and of excellent quality, has been developed by the experts of the agricultural department which is entirely hardy under a temperature of 8 degrees and which will when propagated extend the orange growing belt at least 400 miles to the north of the present belt—in other words, will permit the growing of oranges in Texas, Alabama, Georgia, Oregon, Washington and many other localities.

One of the worst things about the average American is that he will sell anything he owns if he can only get his price. This disposition on his part tends to make him always unsettled. When a man has a good farm, a good home, good neighbors and a good income, where can he possibly go to better his condition? In fact, where could he go where he would not be worse off? Lots of men find this truth out at an expense of a lot of money and peace of mind. The sensible thing for men to do in nine cases out of ten is to settle down contented, so far as ever expecting to find a home where everything is all right, and carefully study how they may make the old farm more productive, their home more pleasant and their lives of more use to their families and to the world.

CAMERA VERSUS SHOTGUN.

There is a fascination about all forms of wild life, animals and birds, which is never associated with our domestic animals, a certain alertness, adaptation to conditions in habit and coloration, each with its armor of self protection developed to the highest degree, being hunted from birth to death. A Partridge Cochin rooster is every way a more magnificent bird than a male ruffed grouse more brilliant in plumage, more lordly and artistocratic in bearing- but should we meet one in some glen of the woods among the alders and bushes he would seem to be a bird wholly out of place, while the ruffed grouse poised like a statue on some rotten log would be the ideal of woodland grace and beauty, appealing alike to the sportsman and the lover of nature. All tame geese are the coarsest of plebeians when compared with the superb contour, coloring and grace of carriage noted in the Canada geese, those aerial cavalry which traverse the continent semiannually with trumpet call and in closely aligned rank. A male wood duck perched on a log by the side of some leaf flecked pool in the woods makes a bit of coloring and beauty nowhere else to be found on earth. Man can breed bulldogs, Percheron horses, mules, Shanghai roosters and that sort, but he cannot duplicate nature's grace and elegance with which she invests the wild deer, the rattlesnake, the wild fowl. It is an infinite pity that the inherited love of what we call sport—the desire to kill on sight all forms of wild life—could not in some manner be abated before all such forms of life are wholly wiped out. If men would only hunt with a camera instead of a breechloader, how much more real satisfaction would result! Our woods, fields and streams would be filled with all these attractive types of wild life, just as they are in Japan and in many parts of China. In no way can an American civilization be better promoted than by exchanging the shotgun for the camera.

CREAMERY WISDOM.

A creamery plant costing the farmers of a western community $4,500 four years ago was sold the past winter for $800. This is an old story and a common experience. This creamery was built before the dairying habit had been developed among the farmers, built before the cows to support it were in sight. The town men took hold and helped, and some grafters from Chicago helped boom the enterprise and unloaded on the stockholders an outfit at $4,500 which at the outside should not have cost over $2,200. Poor judgment was used in the selection of cows and poorer still in the matter of feeding and caring for them. The patrons could not make it pay to sell cream, soon got tired of milking and went back to selling corn and oats as they had done for forty years. The next step was a forced sale and the dissolution of a co-operative enterprise which, had it been properly managed, could have been of almost incalculable good to that community. This kind of agricultural tragedies can be found all over the country. The moral is that men should get cows and learn how to properly select, feed and care for them, and there should be at least 1,000 cows in sight before a dollar is put into a creamery, and a practical creameryman should be consulted as to the plant.

A SHORT AND GOOD ROTATION.

If any man owning a prairie farm within the limits of the corn belt will just put into operation the following system of crop rotation—viz, first year corn, second year some cereal crop, wheat, rye, oats or barley, seeding this crop down with clover; third year take off a crop of clover hay in July and plow under the second crop the last of September, planting again to corn the fourth year—he will do that which will insure him at least sixty bushels of corn to the acre, fifty of oats and a soil which will under such system grow constantly richer and more productive. This plan may very well be varied a little to suit farm needs by keeping the field a year in pasture in addition and by using on the field, preferably in connection with the corn crop, all the available fertilizer on the farm. Doing this and keeping enough stock to consume all the products of the land on the farm will enable the probate court to turn over to the heirs a more fertile and valuable farm than when it was first reclaimed from the wild.

A JUNCTION CROSSROADS.

The cosmopolitan character of our present improved railway service was well illustrated by a large number of freight cars which we lately noticed at a junction point of two roads way out on a western prairie. Among the medley of cars were some from Florida and from Maine, from the great Pacific systems, from the coal regions of Pennsylvania and the oil regions of Ohio; there were lumber from Washington, wheat from Dakota, iron from Pittsburg, oranges from California, steers from Montana, butter from Iowa, a car of poultry from Minnesota, a roving Uncle Tom's outfit, a seed corn special spreading the gospel of a new and improved corn culture. Time was, and not so very many years ago, when a man going to New York would have to change cars and buy twenty different tickets and when a car of western freight would have to be unloaded and rebilled several times going the same distance, this owing to the large number of railway companies and the varying gauge of their tracks.

UP TO DATE DOUBLE HOUSE.

Of Model Construction, With All the Conveniences—Cost, $3,000.

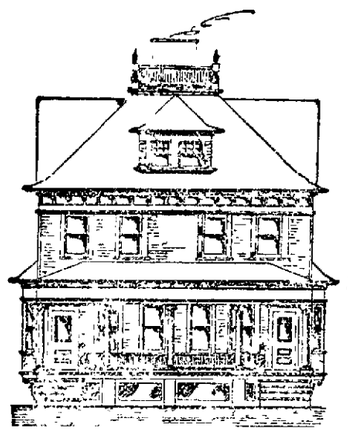
[Copyright, 1904, by Stanley A. Dennis, 280 Broadway, New York.]

Herewith is shown the design of a double house arranged for two families.

The lines of the design are sufficiently broken to give it an attractive outline.

The underpinning is of brick laid in a neat manner.

The exterior framework is sheathed, covered with building paper and then



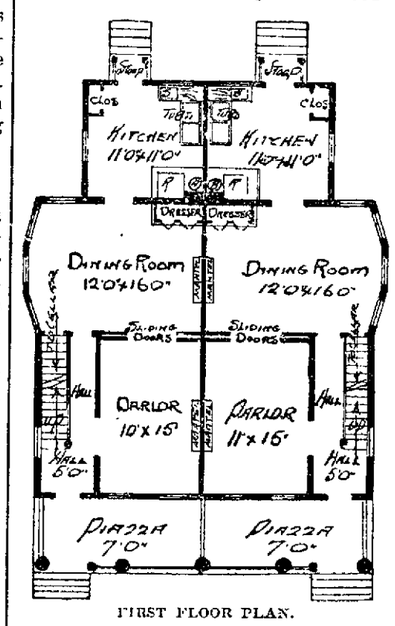
FRONT ELEVATION.

with clapboards. The roof is covered with cedar shingles, as are also the dormer windows.

The interior walls are given two generous coats of patent plaster, and the trimmings are all of cypress.

The house is heated with two hot air furnaces and piped throughout for gas.

There are two large bathrooms,

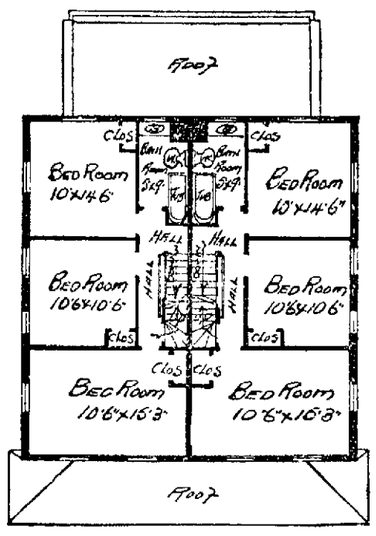


FIRST FLOOR PLAN.

which contain full sanitary plumbing fixtures with nickel trimmings, as do the kitchens also.

The body of the house is painted a colonial yellow, while the trimmings are white. The roof shingles are dipped in moss green shingle stain before being laid.

The hardware throughout is of



SECOND FLOOR PLAN.

bronze, and the house has a number of cathedral glass windows.

This house should cost, with every modern convenience, not over $3,000 under favorable conditions.

Those wishing a comfortable home and an investment at the same time will do well to consider this design.

BATHROOMS.

There Can Scarcely Be Too Many of Them In Any House.

It is amazing how the average architect avoids planning for more than one bathroom in the moderate sized house. He might be a herald of health and comfort to many a family. He could so easily suggest omitting the parlor and putting in three or four bathrooms instead. And every family be could persuade to this would sooner or later rise up and call him blessed.

Of vital things in the home few are so vital as sufficient bathrooms. In a family of moderate means four are none too many. No one in such a family needs the bath more than the one or two servants usually kept. A small bathroom with neat and sanitary equipment ought to be considered a necessity for these useful members of the family. A guest room to be truly habitable, for the comfort of guests and hostess alike, should have a bath as well finished and equipped as circumstances permit. The parents should have a bathroom, and one for the children is just as essential if they are to be brought up in the way they should go.

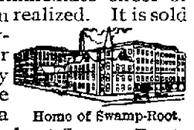
But one or two bathrooms are thought sufficient for the homes of all but the rich, while many very ordinary homes have two parlors and a living room or library.—Mrs. Henry Wade Rogers in House Beautiful.

Women as Well as Men Are Made Miserable by Kidney and Bladder Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh, or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of **Swamp-Root** is soon realized. It is sold by druggists, in fifty-cent and one-dollar size bottles. You may have a sample bottle by mail free, also a pamphlet telling all about Swamp-Root, including many of the thousands of testimonial letters received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.



Home of Swamp-Root.

Bear in mind that the ... columns is a good investment.

THE CLEVELAND & BUFFALO TRANSIT COMPANY
C&B LINE
CONNECTING CLEVELAND and BUFFALO
"WHILE YOU SLEEP"
UNPARALLELED NIGHT SERVICE—NEW STEAMERS
"CITY OF BUFFALO" AND "CITY OF ERIE"
Both together being, without doubt, in all respects the finest and fastest that are run in the interest of the traveling public in the United States.
TIME CARD - DAILY INCLUDING SUNDAY

LEAVE	ARRIVE
Cleveland 8 p.m.	Buffalo 6:30 a.m.
Buffalo 8 p.m.	Cleveland 6:30 a.m.

CENTRAL STANDARD TIME
ORCHESTRA ACCOMPANIES EACH STEAMER
Connections made at Buffalo with trains for all Eastern and Canadian points; at Cleveland for Toledo, Detroit and all points West and Southwest.
Tickets reading over L.S. & M.S. Ry. will be accepted on this Company's Steamers without extra charge.
Special Low Rates Cleveland to Buffalo and Niagara Falls every Saturday Night, also Buffalo to Cleveland.
Ask Ticket Agents for tickets via C.&B. Line. Send four cents for illustrated pamphlet.

SERVICES OF CONFIRMATION

Large Classes at St. John's and St. Paul's.

NAMES OF THE CATECHUMENS.

At St. John's the German Members of the Class Were Confirmed in the Morning, the English Members in the Evening—Elaborate Services at St. Paul's Church.

A class numbering fifty-four was confirmed at St. John's Evangelical church on Sunday, the German members of the class being confirmed at the morning service, the English members in the evening. A special chorus of five members furnished music at both services. The church was handsomely decorated. Arches of evergreen spanned the aisles and potted plants and cut flowers were used in profusion. Those confirmed were:

Harry L. French, Charles A. Jones, Albert Legrom, Milo Hoover, Charles W. Bretz, John K. Greisheimer, Lee V. Lantzer, Albert J. Koontz, Harold H. Geis, Howard V. Acker, Albert J. Albright, Carl C. Stiefel, Louis A. Neisel, Harrison J. Crofut, Warner L. Doyle, George A. Jones, Ivan M. Wagner, Walter J. Klein, Melville F. Koontz, Ernest J. Wolbold, Edwin C. Wagoner, Karl F. Krayer, John Ph. Halblaub, Karl F. Stortz, Alfred M. Baldauf, Mrs. Emma M. Piper, Mrs. Agnes C. Ries, Mrs. Mary A. Young, Mrs. Harriet P. Rigler, Mrs. Jennie Geis, Mrs. Lillie H. Jordy, Mrs. Eva N. List, Mrs. Carrie McQuillan, and the Misses Bertha H. Young, Mary Yochheim, Myrtle M. Graber, Helen S. Specht, Ida S. Kautzch, Mary L. Doerflinger, Goldie P. Wampler, Anna C. Most, Clella P. Hodnot, Gladys M. Hose, Alberta F. Myers, Clara A. Steitz, Ruth E. Critchfield, Marie L. Wagner, Eva M. Young, Erona E. Doyle, Florence G. Harrold, Sarah J. Schworm, Marie Morgenstern, Amelia Wacker, Theresa C. Ruwadi.

AT ST. PAUL'S CHURCH.

At St. Paul's Lutheran church an elaborate service preceded the confirmation of a class numbering twenty-four. The catechumens, the girls wearing white dresses, marched into the church singing "Onward Christian Soldiers," the organ and congregation joining in the refrain as the procession entered. At the altar the Rev. L. H. Burry baptized two members of the class and publicly examined all of them. One hundred questions were responded to. Following the confirmation rite the class sang in German "Jesus be Our Guide." The pastor's address was also in German. The class was made up as follows:

William Migge, Louis Harig, Edward Mross, Karl Malzahn, William Schindler, Paul Wilcogolski, Herman Schwartseger, Per Lee Budd, Edward Klein, Helen Shearer, Emma Behrendt, Lucile Snyder, Florence Snyder, Tessie Hawk, Mary Hawk, Stella Paulus, Minnie Pahlau, Viola Boerugen, Laura Kemp, Flora Knodel, Louisa Scheffler, Emma Schultz, Ida Wiese, Priscilla Burry.

MRS. CHADWICK'S BAIL.

Her Bondsmen Will Have to Put Up $48,000.

Cleveland, April 17.—Mrs. Cassie L. Chadwick, who has been convicted and sentenced to prison for ten years on the charge of conspiring with officials of a national bank to have checks certified when she had no credit in the bank, was Saturday at Cincinnati, admitted to bail in the sum of $5,000 by Judge Lurton, of the United States circuit court of appeals, who, after consultation with the other judges of the circuit, granted the application for bail, pending appeal proceedings. The appeal is to be heard next October before the United States circuit court of appeals. Judge Wing, counsel for Mrs. Chadwick, said it was not yet certain whether the amount of the bond could be secured by Mrs. Chadwick, nor could he tell how soon the papers in the appeal could be filed. Bail may be deposited with the district court of Cleveland.

The mere fact that bail for Mrs. Chadwick was fixed at $5,000 by the United States circuit court of appeals in Cincinnati Saturday in the case in which she was convicted does not signify that the woman is any nearer being released from the county jail than was the situation before the higher court acted.

To obtain her release from the county jail Mrs. Chadwick will have to give bond in the sum of $48,000, which means that she or her bondsmen will have to qualify for $96,000 worth of property. In addition to the case in which the bail was fixed at $5,000 by the Cincinnati court, there are seven other cases pending against her in the Cleveland federal court. Bail aggregating $23,000 is demanded in these cases. This added to the bail fixed Saturday makes the total of $28,000 bail demanded by the federal courts.

Aside from this there are three cases pending against Mrs. Chadwick in common pleas court, in which she is charged with forgery, where the bail asked aggregates $20,000, making a grand total of $48,000 bond that will have to be given before she can leave the jail. The $5,000 bail fixed by the Cincinnati court is $1,000 higher than the amount asked in the same case when it was in the Cleveland court. Although attorneys for Mrs. Chadwick are endeavoring to obtain bail, yet there is no indication that the effort will be successful.

In an interview Saturday, Mrs. Chadwick said: "Arrangements have been made for bail for my release pending the hearing of the appeal to the court of appeals. The surety deposited will be in cash. I fully expect to be released within a week or ten days at the outside.

"I have made no plans for the future or as to where I shall go when released, but probably will remain in Cleveland most of the time during the summer, or until my case is heard by the higher court. My plans will depend largely upon the condition of my health."

BIDS RECEIVED FOR NEW CHURCH

Presbyterian Congregation to Meet Wednesday Evening.

STONE OR BRICK TO BE USED.

The Decision Will be Made at the Congregational Meeting—A Detailed Statement is Now Being Prepared for the Occasion.

Affairs pertaining to the construction of the new $40,000 Presbyterian church look especially bright to those who have labored long and tirelessly for months to bring the matter to a successful issue. The committee from the official board has received bids from four contractors, three of Massillon and one of Cleveland. It is given out, from a glance at the complex figures, that one bidder is lowest on brick and another on stone. The committee is now at work on a detailed statement to be presented to the congregation in keeping with the plans of the committee in all of its work. The congregation has been the final arbiter in all matters and now its decision will be asked as to the material to be used in constructing the church.

With this in view there will be a congregational meeting in the church next Wednesday evening and the committee is desirous of having every member of the congregation present. It will then be decided whether the church shall be built of pressed brick or cut limestone. The statement, which is being prepared, will contain all the necessary details to answer any question that may be asked and the committee hopes that all questions will be asked at this meeting that are in the minds of those interested so that after the congregation makes a decision as to the material to be used, there will be no criticism from any source. The committee and congregation have worked very harmoniously to this point.

If a decision is made Wednesday evening by the congregation as to the material to be used, the contract for the entire work can be awarded within a few days. The committee hopes to award the contract this week. The Presbyterian chapel has been given to the Amphion chorus but as yet the chorus has been unable to procure a lot as a site. The main part of the church will be for sale. The committee desires to have the buildings removed, or at least to have the work of removal commenced in two weeks and to have the actual work on the construction of buildings commenced in three weeks. Practically all of the $40,000 has been subscribed. The committee is working to raise the additional amount and feels confident that the necessary sum will have been subscribed when needed. The Rev. R. R. Bigger, pastor of the church, and others will make clear any matters pertaining to the structure at the meeting Wednesday evening.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

FRANTZ DEFEATED BELL SATURDAY.

A Majority of Eleven Gives Him the Nomination.

1,007 DEMOCRATIC VOTES CAST

When First, Second and Fourth Ward Votes Were Counted, Bell Led With a Margin of One Vote—The Third Ward Gave Frantz Twelve Majority.

Charles L. Frantz defeated Bernard Bell in the contest for the nomination of mayor at the Democratic primaries Saturday by the close margin of eleven votes. Not until the last half dozen votes were counted in the third ward was the result known. The first ward gave Bell a majority of 39. This was offset by Frantz's majority of 47 in the second ward. When the votes in the fourth ward were counted Bell was given a majority of nine and this gave him but one vote majority in the three wards. In the third ward the total vote was Frantz 135, Bell 123, a majority of twelve in this ward for Frantz and a majority in all of the wards of eleven.

The defeat was a bitter one to Bell's admirers, as he had confidently been picked by them as an easy winner. Both candidates were present when the final vote was counted. Mayor Bell took the defeat with good grace and with a smile remarked to some of his friends that everybody must experience defeat once in a while. Nominee Frantz was highly elated and his friends at once made their victory known by shouts and other expressions of joy

Altogether the primary developed more than one surprise. It had been anticipated by the candidates that a small vote would be polled. Instead 1,007 Democrats turned out in the disagreeable weather, drawn to the polls solely by their interest in the mayoralty candidates, as there was no contest for other positions on the ticket. It had been predicted that eight hundred votes would be the limit, but the thoroughness of the canvass of each of the two candidates for the two weeks preceding Saturday was evidenced by the large vote cast.

The betting right up to the time the polls closed was even. Towards the close of the day admirers of Frantz showed more looseness with their money than at any time previous and numerous bets were posted as late as 6 o'clock. The largest one of these was placed by a South Erie street man with Frantz's friends. Each side posted $150.

Owing to the fact that it was necessary for the judges and clerks to count the votes for but the two candidates the tally had been completed at 8:15 o'clock and the result was known on the street a short time later. This surprised those who were interested and were hanging about town expecting to hear no returns until midnight.

The vote for the head of the ticket by wards follows, with the rest of the ticket named:

Mayor	1w	2w	3w	4w	T'l
Frantz	82	141	135	151	509
Bell	121	94	123	160	498

President of council, Tobias Schott.

City solicitor, George Howells.

Councilmen, second ward, Charles Stoner; fourth ward, Philip Krebs.

Central committeemen, first ward, precinct A, John Ginter; precinct B, William Clementz.

Second ward, precinct A, Christian Schott; precinct B, Fred Biskup.

Third ward, precinct A, H. B. Sibila; precinct B, Fred Stahl.

Fourth ward, precinct A, Charles Smith; precinct B, Ed. Geis.

TOWNSHIP TICKET.

Trustee, John Boerner.

Treasurer, Daniel Bischoff.

Constable, L. H. Bamberger, J. E. Shearer.

Committeeman, Michael Triner.

NEARBY TOWNS.

EAST GREENVILLE.

East Greenville, April 17.—Teachers say the best institute of the school year was held at East Greenville Friday afternoon and evening, April 14.

A treatise on "The Complete Man," by W. P. Walter, was ably rendered and received with great applause by the audience.

A class drill in mensuration, conducted by E. G. Bowers, called forth a discussion which, for a time was almost violent.

The evening session progressed with a smoothness altogether unknown in the afternoon. Declamations of a very high order were rendered by Myrtle Riggle, Jennie Miller, Blanche Featheringham, Ceridwen Thomas and G. W. Wampler. Solos were sung by Albert Williams, Edward Evans and little Miss Davis, six years old.

A treatise of American history, by F. H. Kaufman, an address on "Text Books" by L. B. Harris, and an address on "Formality in the School Room," by John Ziegler, were ably handled. A few opportune remarks were given by the Rev. Mr. Adams, which were both pleasing and beneficial.

After the institute one teacher was heard to say, "Greenville beats the world"

COUNTERFEITERS UNDER ARREST.

Have Been Running a "Mint" at Canton.

PRISONERS ARE ROUMANIANS.

Officers Found Plenty of Evidence Against the Accused—Federal Officials Who Examined the Spurious Coin Pronounced It a Dangerous Counterfeit.

Canton, April 17.—Deputy United States Marshals P. C. Dick and F. M. Fanning, of Cleveland, arrived in Canton early Monday morning for the purpose of taking Frank Kunse, Mike Vinkle and Anna Williams to Cleveland, where they will be arraigned on a charge of making counterfeit money. The three were arrested by officers of the local police department Saturday night at their home, near the Carnahan tinplate mill. Mr. Dick said that the parties would be taken away during the afternoon and that in the meantime Mr. Fanning and himself would skirmish about for further evidence against the accused.

Captain Patterson accompanied them to the place where the "mint" was located, during the morning. A number of business places in Mahoning street and in Crystal Park have souvenir coins made by these foreigners, taken in during busy times. One of the foreigners confined in the city prison since Saturday night was sick Sunday and City Physician Faulk had to be called to attend him.

The counterfeit money and the outfit captured by the police was examined at the city hall by Deputies Dick and Fanning. While the outfit is a crude one, the deputies say that the product is among the best yet discovered in this section. They were informed that about $18 of the spurious coin was sent to Cleveland and put in circulation.

BI-COUNTY TEACHERS.

Programme of Meeting to be Held at Alliance Saturday.

The following is the programme for sessions of the Stark-Wayne Bi-County Teachers' Association, to be held at Alliance on Saturday, April 22:

FORENOON.

9:30—Music. Invocation.

9:40—Rural School Supervision—Harold S. Janson, Hartville.

9:55—Discussion—Supt. C. W. Biddle, Marshallville.

10:10—Principles of Reading and How to Apply Them—Prof. T. H. Kirkpatrick, Wooster.

10:35—Emotions and Their Education—Miss Edith Keck, Marshallville.

10:50—Discussion — Miss Wilhemine Deissel, Canton.

11:00—Music.

11:10—Subjects on Call.

11:30—Noon.

AFTERNOON.

1:00—Music.

1:10—The Teacher's Economic Work—Supt. C. L. Cronebaugh, Massillon.

1:35 — Discussion — Supt. Haupert, Wooster.

1:50—Principles of Reading and How to Apply Them—Prof. Kirkpatrick.

2:10—Address—Prin. A. H. Etling, Orrville.

2:25—Music.

2:35—Drawing in the Public Schools Prof. J. M. McElhaney, Massillon.

2:55—Discussion—W. C. Faust, Canton.

3:10—Address—Supt. O. W. Kurtz, Minerva.

3:30—Business.

Adjournment.

SHONTS TO BE HEAD

Will Be Elected President of the Panama Railroad Company.

HAS HAD MUCH EXPERIENCE

Government Will Be in Complete Control of Affairs of the Company. There Will Be No Delay in the Completion of the Work.

New York, April 17.—Secretary of War Taft, who is here to attend the annual meeting of the directors of the Panama Railroad company in this city today, had this to say on the affairs of the railroad:

"The annual meeting will result in a complete reorganization of the company. The government is now in control of all the stock. It is absolutely essential for us to control the affairs of the railroad in the interest of the work of constructing the canal. We desire to have the affairs of the road conducted in harmony with the commission which will have charge of the general construction work.

"With this end in view the directors of the Panama Railroad company at their meeting will elect Theodore P. Shonts, the new chairman of the Panama canal commission, president of the Panama Railroad company.

"With Mr. Shonts at the head of the company it is certain that its affairs will be conducted most satisfactorily. His experience as a practical railroad man will enable him to operate this railroad just as the Panama canal commission may desire while the work of construction is in progress. The entire official board of the company will be comprised of either members of the commission or men who are interested in the work of constructing the canal. By official board I mean the officers and directors of the company.

"We expect to have this road in readiness at the time the work of the canal construction begins and managed in a manner so as to facilitate this great task."

HAS FAITH IN FUTURE.

Senator Chandler Says International Peace May Be Accomplished.

Washington, April 17.—Ex-Senator Chandler of New Hampshire presided and was the principal speaker at a peace conference held under the auspices of the Washington branch of the Greenacre Fellowship association. Mr. Chandler was rather pessimistic in regard to the prospects of international peace. He discussed the question in its various aspects and in conclusion said:

"My life has not been spent where there was universal agreement. I have been used to differences of opinion such as are to be found in political societies, such as rule the states of mankind more than international councils and Greenareres. It is through struggle and argument and controversy that the world moves on. When I began I was pessimistic, but I am not hopeless. I have learned too much to disbelieve in the future. In my lifetime I saw slavery destroyed and Cuba and the Philippines freed. The labors of good men and women to put an end to war may not be fruitless. It is not more hopeless than the growth of humanity. If slavery was abolished in the nineteenth century why should not war be abolished in the twentieth century?"

General Paine Dead.

Washington, April 17.—General Halbert E. Paine, a Union veteran of the Civil war and a lawyer of national reputation, died here. He was 80 years of age and succumbed to a complication of diseases. He was born in Charlton, O. He was conspicuous as a defender of Washington during General Jubal A. Early's raid in 1864. Subsequently he was a member of the house of representatives from 1865 to 1871 from Wisconsin. He was a recognized authority on the election laws of the country. His work on contested elections was used as an authority in the Hayes-Tilden controversy. He was a law partner of Carl Schurz in New York for several years and was engaged in many celebrated cases. His wife and one daughter, Mrs. Story B. Ladd, survive him.

Whole Town Will Celebrate.

Toronto, O., April 17.—It will be a gala day in the little town of Mt. Blanchard, O., for Sarah Harris, better known as "Aunt Sarah," who will celebrate her 102d birthday. The community looks upon it as a great event and the celebration will be a public one. Sarah Harris was born in Carroll county, O., in 1804. Ohio as a state was just a year old when she was born. She has seven children living, the eldest of whom is now 84 years old and shows her age more than her mother.

Tired Nervous

When you feel languid, tired, nervous and irritable, your vitality is low—your supply of nerve energy exhausted, and your system running down for lack of power,

The organs of the body are working poorly, or not at all, and you are not getting the nourishment needed. This soon impoverishes the blood and instead of throwing off the impurities, distributes it all through the body. This brings disease and misery.

Feed the nerves with Dr. Miles' Nervine, a nerve food, a nerve medicine, that nourishes and strengthens the nerves, and see how quickly you will get strong and vigorous.

"My wife suffered with nervousness previous to a recent attack of typhoid fever, but after her recovery from the fever, she was much worse, and could hardly control herself being exceedingly nervous when the least excited. She was very restless at night, and never had a good night's rest. She also suffered much from nervous headache. Dr. Miles' Nervine was recommended by a friend. After the first three doses she had a good night's rest, and at the end of the first week's treatment she was wonderfully improved. Continued use of Nervine has completed her entire cure."

OTTO KOLB,
1021 Cherry St., Evansville, Ind.

Dr. Miles' Nervine is sold by your druggist, who will guarantee that the first bottle will benefit. If it fails, he will refund your money.

Miles Medical Co., Elkhart, Ind

OBITUARY.

MRS. JAMES DUNCAN.

The funeral of Mrs. James Duncan, who died at the family home four miles west of Massillon, on the Millersburg road, Friday evening, was held from the late home at 10 o'clock Monday morning and later from the Stanwood church, the Rev. W. S. Adams officiating. The deceased was 76 years old and is survived by one son, Hiram Duncan, and one daughter, Mrs Philip Weirich, both living west of the city. Mr. Duncan, the husband, died eight years ago. Interment was made in the Stanwood cemetery.

Robbers Confess to Crime.

Carlisle, Pa., April 17.—Harry Foltz, one of the men arrested for the attempted burglary at the house of Jacob Shenk, near New Kingston, last week, and the shooting of Shenk and his son, has confessed in jail to complicity in the crime, and James Miller, who was brought to jail here from Perry county, also confessed. The latter was shot in the neck by the Shenks. A third robber, Philip Kilner is at large. He is also believed to have been shot. The Shenks were both shot in defending their property, but were not seriously injured. The robbers secured no booty, though it is said there was $1,500 in the house.

It Was Bargain Day.

Philadelphia, April 17.—A crowd of several thousand bargain hunters defied a squad of police and blocked both lines of street cars on Market street in their mad endeavors to get bargains advertised by a 5 and 10 cent store. In the crush a young girl was injured. The ambulance doctor had great difficulty fighting a way through the throng. Women, many of them bare headed, had taken their stand before the store at dawn. Every minute saw the crowd grow. A few women had their skirts torn off.

TNE JEWISH EASTER.

Its Celebration Begins Today and Lasts One Week.

The Jewish Easter begins on Wednesday evening. It is called the Passover and commemorates the most glorious event in the history of this chosen race. It marks the exodus of the Israelites of Egypt. Moses, the great lawgiver, and his people were in bondage—were slaves and their leader decided to set them free. It was the first bold stroke recorded in history for freedom and it was successful, although the journey led them through the Red sea.

The celebration of this great event, the marching from bondage to freedom, has ever since been celebrated as the Jewish Easter. Figuratively speaking, Moses was to his people what Washington was to his country, the Father of Liberty. The Jewish Easter to the Israelites is as the Fourth of July to Americans, the celebration of the date of their independence.

This Jewish festival begins on Wednesday evening and will continue for one week. During this time unleavened bread will be eaten. No festivities will be practiced. No Easter eggs will be eaten to commemorate the Resurrection, for in this they do not believe. Only in Russia, so far as is known, are festivities permitted.

THE DEPOSITORY LAW.

Ohio Has Two and One-Half Millions on Interest.

Columbus, April 19.—The operation of the state depositary act comes very timely, for the reason that the state treasury is unusually plethoric just now. The report of the state auditor to the governor Monday, giving the condition of the treasury at the close of business on Saturday, showed that the cash on hand was $3,067,001.36. The cash balance has been for many weeks close to this big figure. The statement means, however, that that is the amount of cash that would be lying idle in the vaults of the state treasury if the new depositary law were not in operation. In counting the cash the certificates of deposit under this law were reckoned as cash.

The books of State Trasurer McKinnon show that he has now on deposit with banks of his selection under the depositary law, state funds aggregating $2,560,000. It draws different rates of interest, but will average about two per cent. If he is able to keep this sum out on interest through the whole year it will earn for the state about $50,000.

IN PROBATE COURT.

Frank Yingling and Geo. Brown Must Answer Questions.

Justice W. S. Spidle bound Frank Yingling and George Brown over to the probate court in the sum of $200 each after a hearing in court Wednesday of the case of the state of Ohio against Yingling and Brown, the complaining witness being Fred Yingling, who charged that the defendants took a hoisting jack from a place where he was drilling a well and hid it on the Frank Yingling premises. The defendants were unable to give the required bail at once and Justice Spidle gave them until 5 o'clock to procure the required bond in lieu of being placed in jail.

The alleged taking of the hoisting jack dates back about ten days. After Fred Yingling missed the article he swore out a warrant for the arrest of Frank Yingling and Brown and gave Constable Bamberger authority to search Frank Yingling's premises. The hoisting jack was found under a lumber pile in the Yingling yard.

The defendants have been before Justice Spidle before within the past few weeks and had been given warning as to their conduct in the future and the penalty that would be inflicted if they appeared before him again. Several witnesses were heard Wednesday. The case lasted from 10 o'clock till 2.

MADE BUSINESS GOOD.

"Newsies" Sell Extras Giving Account of Panic in Rush for Tickets.

Indianapolis, April 19.—No deaths have been added to the list of four boys who lost their lives in the crush of newsboys on the stairway of the Mason Opera house building, eager to obtain free tickets for a performance at the theater. But the revised list of injured shows that 50 were more or less injured. Of this number of injured fully 25 were seriously crushed, and the death list may be increased later.

Many of the boys were unconscious when taken from the mass of humanity that piled and heaped in the stairway, but soon revived and they were able to go to their homes without assistance. Some of the little fellows sold the newspaper extras giving accounts of the accident and others went to the theater.

The Schemers.

"Don't you sometimes think that you are too much attached to money?"

"No," answered Dustin Stax. "If you knew all the schemes to pry a man loose from it you'd realize that he has to be closely attached."—Washington Star.

ODD FELLOWS

The law in North Carolina requires that subordinate lodge officers be elected at the last regular meeting in June, who shall appoint their appointive officers immediately thereafter, so that all the new officers shall memorize and thoroughly understand the work of their respective positions before being installed a month later.

Florida taxes its members $2 each for grand lodge purposes and $1 each for home and sanitarium purposes.

Indiana has the largest encampment membership, over 1,500, and the largest Rebekah membership, over 42,000.

The Pennsylvania Odd Fellows' Orphans' home is now caring for seventy-two girls and boys.

According to the latest reports, the membership of the Rebekah branch of the order is 411,955.

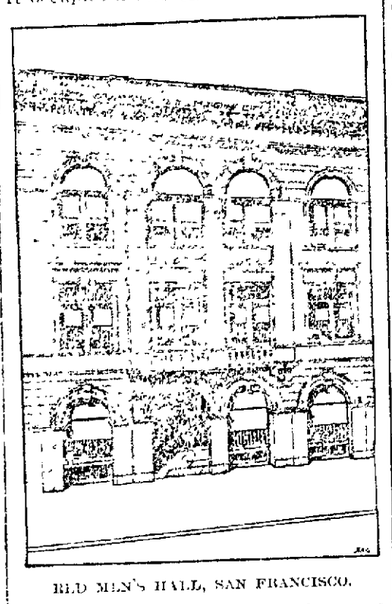
The first Odd Fellows' lodge was instituted in 1819 with five members. Today the fraternity has over 1,000,000 members.

The Kent farm, owned by the Kansas Rebekahs, has been sold for $3,000 cash. This gives them another good sum of money for their home fund.

RED MEN.

The New San Francisco Building. Along the Trail.

One of the finest fraternal buildings in the west is the Red Men's hall which was recently erected in San Francisco. It occupies a site on Golden Gate ave-



RED MEN'S HALL, SAN FRANCISCO.

nue 70 feet wide and 138 feet deep and contains twelve handsome lodge rooms, a spacious assembly hall and large banquet hall with a seating capacity of 500. The entrance to the building is most beautifully paneled in Italian marble, as is also the main hallway, the floor of which is laid in mosaic tiling. The structure is of brick and stone, three stories in height and, including the lot, was erected at a cost of $120,000.

Hiawatha tribe of Indianapolis adopted 240 palefaces the last fiscal great sun.

Plans are being made to celebrate the fiftieth anniversary of the great council of Delaware by adopting 1,000 pale faces.

Wico tribe of Galatia, Ill., has adopted seventy-five palefaces since hot moon. Mohaska tribe of Athens, Ill., has adopted fifty in the last two moons.

Statistics of the order show that more than $2,500 is being paid every day in the year by the various tribes for the purpose of relief.

MACCABEES

A handsome Maccabee temple was recently opened in Norwalk, O.

Kentucky now has 125 active tents, and all report good progress.

During the year 1904, 51,000 new membership certificates were issued.

There were 350 new Maccabee tents instituted during the past year.

In 1904, 2,010 death claims were paid by the order, amounting to $3,200,000.

Chetek tent of Chetek, Wis., has built an opera house and is successfully operating it.

Knights of the Golden Eagle.

Supreme Chief Livingston contemplates a trip through the western states in behalf of the order as soon as the weather will permit.

There are bright prospects for a new castle in Vermont.

Supreme Vice Chief Williams states that it will not be long before Ohio will take second place in membership in the order.

The erection of a monument in honor of Past Supreme Chief John E. Burbage, founder of the order, looks very encouraging.

Eastern Star.

The Eastern Star of Arkansas is assisting the grand lodge of that state in establishing a Masonic home.

Idaho has 1,179 members of the Eastern Star.

Seven new chapters have recently been started in the Seventeenth Eastern Star district of New York state.

Knights of Honor.

During the year 1904 insurance was issued amounting to $3,750,000.

The collections in assessments during the year 1904 amounted to $2,869,-804.43.

The order has been in existence since June 30, 1873, and is in a most prosperous condition.

STABBED THE MARSHAL.

Orrville Man Tries to Kill Officer Who Arrested Him.

Orrville, April 19.—W. R. Drushal, marshal of Orrville, at an early hour Tuesday morning lodged Isaac Horst, of this place, in the county jail on the charge of cutting E. R. Hobbs, deputy marshal, with intent to kill. It is stated that Hobbs was slashed a number of times in the back and on his arms with a large knife in the hands of Horst. Hobbs bled terribly from the wounds, leaving a trail of blood all the way from the place where the cutting occurred to the office of the surgeon who gave him attention.

The trouble occurred while the officers were trying to place Horst under arrest at his home. It seems that Horst, who is said to be a man of bad temper, was abusing his family at a late hour Monday night and the officers were called to place him under arrest. Horst refused to accompany the officers and took refuge in a small room at the rear of the house and the cutting took place when Drushal and Hobbs were trying to make Horst accompany them to the village prison. It was at first thought that the wounds of Hobbs were very serious, but fortunately such did not prove to be the case.

Horst evidently made desperate resistance, as he was badly beaten by the officers before he was finally overpowered. Horst bears a number of ugly wounds about the head showing that the officers did not deal their blows gently.

DALTON NEWS.

Board of Trade Wants the Wabash Railroad Yards.

Dalton, April 19.—The board of trade met here Tuesday evening in the town hall and discussed ways and means whereby the Wabash railroad could be induced to locate the proposed yards at this place. Every effort will be made to secure this extensive plant, the board of trade and townspeople being warmly interested.

The Dalton lodge of Jr. O. U. A. M. met Tuesday evening and initiated two candidates. Regular routine business was also conducted.

Miss Agnes Schultz, who has been visiting at Marion for the past week, has returned to her home here.

CROSS-EXAMINE YOURSELF.

Does the house need painting and have you made up your mind to use the "just as good" variety, in order to save a dollar or two? Now, before you take the final step, just pause and consider the needs of the house. Your good judgment will prompt you to use Green Seal Liquid Paint. It's always the result of careful afterthought. For sale by Hawk Hardware Co.

The Imperial Moving Pictures Saturday afternoon and evening, April 22.

Notice to Township Trustees and Physicians.

The Board of Infirmary Directors will meet at the office in the Court House on the 9th day of May, 1905, from 9 o'clock a. m. until 2 o'clock p. m., for the purpose of employing Physicians for the Townships of Stark County to serve one year, and furnish all medicines for the Indigent sick of each Township

Bids must be sent to the Secertary box No. 480, Canton Ohio, or be presented by the Trustees of the Township for which the bid is made.

The Board reserves the right to reject any or all bids.

THOS. J. MILLER, Pres.,
CHAS. E JARVIS, Vice Pres.,
ANDREW REESE, Sec.

Notice of Presenting County Road Petition.

Notice is hereby given that a petition will be presented to the Commissioners of Stark County, at the 1st session meeting in May, A. D. 1905, praying for the location of a country road on the following line, to-wit: Beginning in the public road between Perry and Tuscarawas Townships, Stark County, Ohio, on the west line of Sec 19 Perry Township at a point on said west line of Section 19, marked by the northwest corner of a tract of land owned by I. J. Williams; thence east and parallel with the north line of Section 19 to the certain road extended south from McCullough street; thence northwardly along said road to the south line of McCullough street at the south line of the corporation limits of the City of Massillon.

FRED ALBRECHT,
Principal Petitioner.
By R. A. Plinn his Attorney.

It pays to try our Want Columns.

We offer at par and accrued interest the unsold portion of

$150,000

SIX PER CENT. FIRST MORTGAGE SINKING FUND BONDS
OF THE

KENNON COAL AND MINING COMPANY
OF CLEVELAND

Total bond issue.....$150,000
Capital Stock—full paid.....$150,000

Dated, Jan. 1, 1905. Denomination, $1,000. Coupon form. Principal may be registered.

Due: $35,000 .....January 1, 1910
" $50,000.....January 1, 1915
" $65,000 .....January 1, 1920

Principal and Interest (January and July 1st) Payable in Gold at the Citizens Savings and Trust Company, Cleveland.

This issue is secured by mortgage of coal lands with improvements and mining equipment to THE CITIZENS SAVINGS AND TRUST COMPANY, AS TRUSTEE.

This mortgage is a first lien upon the mortgaged premises.

The mortgage makes obligatory punctual payment of principal and interest and the proportionate increase of the sinking fund as coal is taken out.

Assurance of the sale of the output of the mines of the company is afforded by contract with the Burton, Beidler & Phillips Company, wholesalers of coal.

R. M. Haseltine, Mining Engineer, of Columbus, has reported upon the mortgaged property.

Squire, Sanders & Dempsey, of Cleveland, have passed upon all legalities

Special circular sent on application.

Hayden, Miller & Company,
Investment Securities,
320 Citizens Building, Cleveland.
